ANSWER OF GIRL STARTLES CHICAGO HEARING ON VICE

'Would Not Blame Underpaid Victim if She Committed a Great Crime,' Says Witness

Merchant Prince Tells Investigators That Low Wages and Immorality Have No Connection

CHICAGO, March 7.—There was a tense dramatic moment at the end of the forenoon session today of the State Senate's vice commission. Julius Rosenwald, president of Sears, Roebuck & Company, multi-millionaire, philanthropist and employer of over 4000 women, himself at one time head of a vice investigation committee, had been on the witness stand for hours testifying as to the wage scale of his company and explaining that in his judgment wages and the immorality of women had little to do with each other.

The small room where the sessions are being held was packed with a well-dressed crowd, many of them women. Then a young woman, clad in black and answering to the name of "Emily," took her seat in front of the inquirers and by the side of Rosenwald.

FOREWOMAN "SCOLDING." She had been employed by Sears, Roebuck, but left there to take a better position. Her only criticism of the firm was that the forewoman "scolded" and made some of the luckiest culprits guilty of some infractions of the rules, or making a mistake, cry. This did not occur every day, however.

Suddenly attention became acute as Lieutenant Governor Barratt O'Hara, a young man, leaned over, and with blushing, asked the witness a question which he found difficult in wording. "We have had a great deal of philosophy here today from men; now let's find out what's yours. If a girl was getting \$8 a week (the minimum paid by Sears, Roebuck & Co. to girls living alone) and had to support a widowed mother, would you blame that girl if she committed a crime?"

WOULD NOT BLAME. The witness looked puzzled for a moment, and then, comprehending, looked up frankly and replied: "No, I would not." "Would you blame her if she killed herself?" "No, I would not," came the emphatic reply.

"And would you blame her if she committed a greater crime?" The young lieutenant-governor's rucous was shown in his unbuttoned tones and his blushing, and by now the girl was the more composed of the two. She paused just a moment and then repeated distinctly: "No, I would not."

The room had been painfully quiet, but at this there was a round of applause, led by the women spectators, and the first general spontaneous outburst of the session.

ROSENWALD TESTIFIES. Julius Rosenwald, president of Sears, Roebuck & Co., referring repeatedly to notes testified that that company employs 4732 women and girls, whose average was \$9.12 a week. The lowest salary of \$5 is given to girls of 16 years. After three months they are advanced to \$5.50. The company hires only girls who live at home. It employs 1465 girls and women who receive less than \$3 a week.

Rosenwald, a broad-shouldered, quietly-quiet man, peered intently through heavy lenses at his interrogators. From time to time he remarked "Perhaps Mr. Miller can tell," and turned again to peer into the audience.

Presently G. H. Miller was dragged from obscurity, sworn in and given a hostile hearing. Miller is superintendent of employment for Sears, Roebuck & Co. Rosenwald testified that he was at one time chairman of the Chicago vice commission.

TO TAKE UP NO VERDICT TARIFF ALONE IN DARROW CASE

Congress to Act in Accordance With Leaders' Plan at Extra Session

President Wilson Receives Party Callers; Attends Cabinet Session

WASHINGTON, March 7.—President Wilson's present purpose, it was learned today, is to accept the proposal of the House leaders and recommend that the tariff alone will be acted upon at the extra session of Congress.

The President looks favorably on the idea of having the House pass a set of tariff measures and put them squarely before the Senate, bill by bill, so that the attention of the whole country may be focused on the upper house of Congress and enable public opinion to locate the responsibility for the success or failure of the measures.

The President feels the necessity for currency reform at the earliest possible moment and hopes that when the work of the extra session is well under way and the first of the tariff bills has passed the Senate, that he may take up with members of the House the currency question, working out carefully with them a bill that would be looked upon as a general expression of the country's desire with respect to monetary revision.

PUBLIC OPINION TEST. Wilson's purpose would be to have the currency bill thoroughly tested by public opinion and made ready for enactment at the December session. The only obstacle to such a course, Wilson has been told by some House leaders, is that currency discussion would detract the attention of the country from the progress of the tariff measures in the Senate. If Wilson should become convinced that such a contingency was in sight, it is believed he would postpone any activity on currency questions. He will be guided, however, entirely by the exigencies of the situation, and, upon good authority, it was learned that the President will keep him very close to the halls of Congress, flanking his policy day by day to meet developments in the Senate.

Wilson Confers With Party Leaders

WASHINGTON, March 7.—President Wilson today began conferences with some of the leaders of his party in Congress.

He was in the executive offices shortly after 9 o'clock and sat on a sofa, the mass of correspondence that he reached the White House during the last few days.

The first White House visitors today were Senators Cullerton of Texas and Tillman of South Carolina. Former Governor Glenn of North Carolina came later and Chairman Fitzgerald of the House appropriations committee followed. Chairman Fitzgerald had many legislative problems to discuss with the President.

TO MEET TAMMANY. Late today President Wilson was expected to meet Charles F. Murphy, the Tammany leader. Murphy was expected to come with six other New Yorkers and it is not probable that the President would have an opportunity to hold a private conference with him.

Former Governor Robert C. Glenn of North Carolina called to congratulate the President. The two men were classmates at Princeton College. Glenn, 70 years old, and played on the same baseball team.

WILSON TO TRAVEL LITTLE. Colonel Robert Ewing, Democratic national committeeman from Louisiana, has another call. He came to invite the President to attend the Louisiana state fair next November. President Wilson told the colonel he intended to remain in Washington at work, doing very little traveling, at least during 1913.

What today's cabinet meeting broke up President Wilson left it to be known through Secretary Daniels of the navy, that he proposed, as far as possible, to pursue a policy of publicity regarding what takes place around the cabinet table.

Today's meeting, it was said, took up the work of organization where yesterday's left off. It was the plan to make public the day's business in a formal way at the end of each session.

Gas Explosion Starts Blaze; Four Are Believed Killed

HOT SPRINGS, Ark., March 7.—Four persons are believed to have been burned to death today in a fire started by a gas explosion in the downtown business district. J. L. Warren, the last man inside the blazing store in which the fire originated, saw two of the victims pinned beneath heavy furniture and unconscious. He carried Leeta Willoughby,

a clerk, to safety and was unable to re-enter the store. It appeared that the entire blocks of six business buildings would be destroyed. Six business blocks were destroyed, the property loss being estimated at \$500,000. The upper floor of the building in which the explosion occurred was used as a sanatorium. All the patients were removed in safety.

BRIBE OFFERED IN HYDE TRIAL, CHARGE

Jury Officer Offered \$1000 for Disagreement; \$1500 for Acquittal.

KANSAS CITY, March 7.—Thomas Hollowell, a deputy marshal in charge of the jury in the Hyde murder trial, told Judge Porterfield today he had been offered a bribe of \$1000 to bring about a hung jury in the case and \$1500 to bring about an acquittal. Judge Porterfield issued a John Doe warrant for the arrest of a juror, who, according to Hollowell, made the offer. Hollowell said the juror, who served on the second Hyde trial, called him over the telephone last week and made an appointment with him, and then said:

"Tom, I want to talk turkey to you. There's \$2500 in it for you in the Hyde jury hangs. There's \$1500 for an acquittal." Frank P. Walsh, chief counsel for the defense, said:

"I don't believe there is a word of truth in the whole story." Judge Porterfield said he had known of the alleged attempt since last Thursday and had been working ever since to get the alleged briber into a trap.

Fear Tariff Raise; Import Many Gems

The Importations for February Reach Total of \$4,229,445 in Value.

NEW YORK, March 7.—Gem importations for February amounting to \$4,229,445 are over a million dollars greater than February a year ago and the greatest for that month in the history of this port. The big importations are accounted for in part, it is said, by the fact that dealers desired to increase their stocks on the chance that there might be an advance in duties by the new Congress.

340 TONS BLOW UP IN HARBOR

Scores of Men Are Injured; Shock Felt for Miles in Two States

British Steamer Destroyed and Collier Damaged Near Baltimore

BALTIMORE, Md., March 7.—Three hundred and forty tons of dynamite exploded this morning in Lower Baltimore harbor killing about fifty men and wounding as many more, many of them fatally.

The explosive was being transferred from a barge to the British steamer Alum Chine, when it went off from a cause unknown. The men killed were members of the crews of the steamer and the barge and vessels moored nearby.

The China and the barge, together with the tug Atlantic and the naval collier Jason, were either completely destroyed or very seriously damaged. The shock was felt as far away as Reading, Pa., 100 miles from Baltimore, and at Atlantic City, New Jersey.

SHOWER OF DEBRIS. A shower of large and small pieces of the wrecked vessel, some weighing tons, fell in the waters and on the shore for miles around.

Just before the explosion a tiny wisp of smoke was seen by a seaman working in the hold of the vessel. He gave the alarm and 14 of the British crew jumped into a launch and headed away from the ship before the blast came.

BEG TO SEE DEAD. When the tugs began dead and injured arrived here hundreds of men and children whose husbands fathers work on the water, crying and wringing their hands, begged to be allowed to see if any of their men were among the victims.

Nearly fifty of the injured were landed here. Some were able to walk to their homes unassisted, but the bulk of them were taken to the hospitals.

BELIEVED IT EARTHQUAKE. People at first thought an earthquake had occurred. A schoolhouse at Sparrow's Point, several miles from the scene of the explosion, was partly destroyed and several children hurt. Baltimore itself was shaken as if by a powerful trembling of their earth and tall buildings in the center of the city rocked perceptibly.

Scores of physicians hurried to the scene of disaster to render what aid they could. The explosion was so powerful that pieces of steel weighing 50 pounds were buried through the air for a distance of four miles.

SHOCK FAR-REACHING. PHILADELPHIA, March 7.—The dynamite explosion near Baltimore was responsible for the distance the shock of the blast was felt. At Coatesville, Pa., the windows of the high school rattled. The shock was felt at the Philadelphia navy yard, in Reading, Pa., nearly 100 miles from Baltimore, in a number of cities in Southeastern Pennsylvania and in New Jersey as far as Atlantic City in many towns the tremor was so distinct as to cause people to believe an earthquake had occurred.

The shock interrupted the proceedings of the lower house of the Delaware legislature at Delaware, the speaker remarking: "This must have been an earthquake."

VESSEL IS DESTROYED. NEW YORK, March 7.—The steamer Alum Chine, which was carrying the dynamite, was destroyed after the explosion. The ship was owned by the Alum Chine Co. and was chartered to the British government.

HUNGARIAN LOWER HOUSE PASSES BILL

Suffrage Cause Wins Notable Victory in Parliament at Budapest.

BUDAPEST, Hungary, March 7.—The women's suffrage cause won a notable victory here today, when the lower house of the Hungarian parliament adopted the government's suffrage reform bill, by which a large number of women are enfranchised.

The Hungarian capital was crowded with troops during the debate in consequence of threats by the Socialists to begin a general strike throughout the country. This was to be done as a protest of the government's attitude against complete universal suffrage. No disturbances occurred during the early part of the day, the populace being overawed by the great display of force.

Give Testimony in State Investigation as to Wages Paid Women

(Continued From Page 1)

the minimum wage necessary for a girl to support herself without assistance," asked O'Hara.

"I don't recall there may have been, but I don't remember just now. Perhaps Mr. Miller—"

The latter promptly entered the breach. Such an investigation, he said, had been held by a committee composed of department heads.

The committee reported the minimum requirements of girls "admitted" (not living at home) was \$3.

"Now, I want to ask you," said O'Hara, "as a man of wide philanthropy, if you think that low wages induce immorality in women?"

"I will answer that as I have answered before: there is practically no connection between them. I believe that prostitution is as likely to come to a woman who earns over \$10 as to one who earns less."

DEPENDS ON WOMAN.

"depends on the woman. A girl earning a small wage might use that as a subterfuge to account for her derelictions."

"Do you consider \$5 enough for any woman to live upon?"

"Yes, if she lives at home."

"And \$8 is enough for one who supports herself?"

"That is what our investigation showed."

"How much did your corporation earn in 1911?"

"Approximately \$7,000,000."

"Could you raise wages and still pay your stockholders a legitimate profit?"

The witness said the stock of the corporation pays 7 per cent on both common and preferred. There was a

surplus of \$12,000,000 at the end of 1912. He said he could have given \$2,000,000 out of profits and still pay "some dividends."

State Senator Niels J. June asked the witness if he thought the stockholders were fair judges of what compensation the girls should receive and if he did not think the state would be a fair judge.

There was sporadic applause when Rosenwald replied that he would be glad to meet the wishes of the state, "so far as competition will permit."

HIS OWN INCOME.

Asked if he would object to disclosing his own income, he replied in the negative.

"Well, then," smiled O'Hara, "could you live on \$5 a week?"

There was a titter when the witness said he had never tried it.

O'Hara asked if there were "drives" in his employ. The witness had never heard of them.

"Have you an employee called 'the scold'?"

"Not so far as I know."

Senator June asked if the corporation took pains to learn if the wage received by an example was sufficient in the individual case.

"No," he drawled it out.

"Then you proceed on the theory that the girls must live on what you pay them," commented June.

"They live on \$5 a week more than you do would cost \$260,000 more a year," stated the Senator. "Would that make much difference to your dividends?"

"I would say in answer to that, that the earnings of one year might not be those of other years," replied Rosenwald.

WILSON CONFERS WITH LEADERS OF DEMOCRACY

class legislation. Chairman Fitzgerald of the house appropriations committee, discussing with the President the question of appropriations for the coming session, recalled that Taft had vetoed the sundry civil bill because of provisions to prevent the government from using a certain sum to enforce the Sherman law against labor unions or farmers' organizations.

President Wilson took a firm position. It was said, behind Fitzgerald's rigid economy. It is known that he looked apprehensively from Trenton at the appropriations of the last congress.

Wilson had before him in New Jersey a situation wherein labor organizations of the state, prompted by President Comptroller of the American Federation of Labor objected vigorously to one of the "seven sister" anti-trust laws, on the ground that it restricted labor unions from making agreements with corporations or individuals as to wages, hours, etc.

MAY AWAIT REVISION.

They suggested that the bill be amended, but Wilson insisted that such an amendment would be class legislation forbidden under New Jersey's constitution. He contended, too, that New Jersey could not and could not include labor unions within the scope of corporation regulations. Federal legislation, he told the labor leaders, might be different.

Some of the President's confidants think that if the provisions exempting labor unions from prosecution were included in the sundry civil bill again, Wilson would be inclined to urge their elimination, preferring to postpone the annunciation of the government's policy until a revision of the Sherman anti-trust law was attempted. Wilson is known to be in favor of strengthening the Sherman anti-trust law so that its jurisdiction may be explicitly understood.

Wilson "Greatest Man in World," Opinion

WASHINGTON, March 7.—Elizabeth Wilson, the 8-year-old daughter of Captain Alfred Wilson and grandniece of President Wilson, received a big box of candy today from Chief Justice White, a sequel to an incident in the Presidential reviewing stand on Tuesday. Miss Elizabeth was seated beside the chief justice while the parade was passing. She had

been introduced to him and was reciting her proud opinion of the new President. "I think Uncle Woodrow is the greatest man in the world," she told the chief justice.

"Oh, no," said the chief justice with a smile, "that can't be."

Little Elizabeth turned her golden-haired hair around inquiringly.

"And why is that?" she demanded.

"Because I made him President," laughed the chief justice. Elizabeth's opinion of the chief justice immediately rose to the zenith of admiration. She struck an upward attitude and a big smile was reciprocated by the chief justice and he sent her a box of candy today.

Senator Clarke for President Pro Tem

WASHINGTON, March 7.—Democratic members of the senate today chose Senator James P. Clarke of Arkansas for president pro tempore of the senate over Senator Augustus O. Bacon of Georgia by a vote of 27 to 14. The outcome was a great surprise. While it was considered Senator Bacon would be elected. Cautious choice is equivalent to an election in the senate.

Urge Retention of Bureau Head

WASHINGTON, March 7.—Friends of Miss Julia Lathrop, head of the children's bureau are sending many letters to President Wilson, urging that she be continued in office, although her appointment was made by President Taft.

Mrs. Wilson Befriends College

BALTIMORE, March 7.—It is learned that one of the first philanthropic acts of Mrs. Woodrow Wilson since she became the first lady of the land was a gift of \$500 to Goucher College here, where two of her daughters were educated, as part of a fund needed to retain that institution in Baltimore. Mrs. Wilson's subscription was handed to the Rev. John E. Van Meter, acting president of the college, who was on the reviewing stand with the President's family at the inauguration parade.

MADEROS TO AVOID MEXICO FOREVER

"Will Shoot Down First Who Seeks Presidency," Says Don Emilio.

SAN ANTONIO, March 7.—"None of the Madero family ever will live in Mexico again," declared Emilio Madero here today. "Each member will dispose of all his property and the family will scatter in other parts of the world—some in the United States and some in Europe. The first man of the Maderos who seeks to establish himself as President of Mexico, I will shoot down."

Emilio Madero declared neither himself nor any of his brothers or relatives would inaugurate a revolution with "revenge" as its object. It was for the people of Mexico, he said, "and the constitutional governments such as Carranza of Coahuila and Maytorena of Sonora to take steps to see that constitutional government should prevail and that murderers and assassins be punished."

FOWLER WILL REMAIN TO BE "TRUST BUSTER"

WASHINGTON, March 7.—James A. Fowler of Knoxville, Tenn., assistant to the attorney general, will remain as the "trust buster" of President Wilson's administration until summer, at least. Attorney General McReynolds announced today that Fowler, at his request, had consented to stay on.

The resignation of Solicitor General Bullitt, now in the hands of President Wilson, will be accepted within a few days.

POLICE ARE ASKED TO FIND MRS. AGNES O'DOWD

SAN FRANCISCO, March 7.—Mrs. J. O'Dowd of 1115 Fourth avenue, Oakland, has notified the local authorities that Agnes O'Dowd, aged 33 years, has been missing from her home for a week. Mrs. O'Dowd gave no further information to the police department but describes the missing woman as five feet two inches tall, slim build, and light complexion. She wore a navy blue suit and a black hat with feathers.

MUTINOUS ARABS SHOT AS EXAMPLE

Execution by Turkish Troops Brought About to Terrorize.

CONSTANTINOPLE, March 7.—Fifty mutinous Arab soldiers belonging to Turkish regiments guarding the peninsula of Gallipoli and the Dardanelles straits were shot today as an example to the others. Most of the men guarding the lines in this district have been brought from the warm climates of Asia Minor and have become mutinous owing to the extreme cold. They declare that they are too numbed to fight.

SERBIA GETS LOAN

GENEVA, Switzerland, March 7.—The Serbian government today negotiated a loan of \$6,000,000 at 7 1/2 per cent with a Swiss banking group. The money is to be paid within three months after the signature of peace between the Balkan allies and Turkey.

MAY HASTEN PEACE

LONDON, March 7.—The fall of Janina to the Greek arms after more than three months' gallant defense by General Sarrail is expected to have the effect of expediting peace negotiations. It will add at the same time to the complexities arising in the general after-the-war settlement, as Janina is one of the cities which it has been claimed would be included in the new autonomous Albania.

There has been no change in the diplomatic situation. The reply of the allies with regard to mediation by the powers still is awaited, and the orders for demobilization by Austria and Russia have not been issued.

STRIKERS IN BATTLE IN RAILROAD YARDS

TRENTON, N. J., March 7.—Nearly a thousand men engaged in a pitched battle in the West Morrisville yards of the Pennsylvania railroad yesterday. Explosives were shot with, with the result that three of the men were carried from the battle ground seriously wounded.

All of the men wounded were strikers of the section annex of the railroad.

SUFFRAGIST GETS LONG JAIL TERM

Miss "Joyce Locke" Must Give \$1000 Bond to Keep the Peace Two Years.

LONDON, March 7.—Miss "Joyce Locke," a militant suffragette, whose real name is Olive Wharry, was sentenced today at the Old Bailey sessions to 18 months' imprisonment. She was found guilty of setting fire to a pavilion in the Kew botanical gardens on February 20. When arraigned in police court on the day of her arrest she hurled a book at the magistrate and fought desperately against removal to a cell. The court today ordered her to pay all costs and to deposit a \$1000 bond to insure her good behavior for two years after the completion of her sentence. The judge warned Olive Wharry that she would be sentenced to an additional year if she did not keep the peace after finishing her prison sentence. Miss Wharry declared that she would not pay the costs of the prosecution and would immediately start a "hunger strike."

JURIST IS SERIOUS.

The judge in summing up struck a serious note as to the general effect of the militant movement on the status of women. He said: "Not very long ago it would have been unthinkable that a well-educated young woman could have committed a crime like this. One would have heard appeals from juries to acquit her on the ground that it was a pity that she could have committed such an outrage."

"Unfortunately, however, women as a class have forfeited any presumption of that kind in their favor. We unfortunately know that well-educated and well-brought-up women have committed these crimes. Consequently, it is impossible to approach these cases from the standpoint of a few years ago."

BREAK GOLDEN RULE

"Acts such as these cause loss and injury to the poor and struggling, as well as to the rich. In addition to breaking man-made laws, the militants are breaking another law which said: 'Do ye unto others as ye would that they should do unto you.'"

When sentence was pronounced, Miss Wharry retorted: "I refuse to pay these costs. You can send me to prison, but I will never pay a penny. Nor do I intend to stay in prison. As for sureties—never!"

"If you do not care to give sureties you will be further imprisoned for a period not exceeding a year," replied the judge gravely.

FRANKLIN ST. PROPERTY SOLD

East of Broadway Holdings Involved in Another Transaction.

Another important real estate sale on Franklin street, opposite the D. S. has property which was sold recently, has been consummated in the transfer of a three-story flat building, occupying a lot 25 by 135 feet, by F. Rans to E. Thompson. The cash consideration was \$25,000. Rans is a Placer county capitalist, residing at Dutch Flat and is heavily interested in east bay property. The property sold by him is on the east side of Franklin, practically opposite Fifteenth street, which now terminates at Franklin street, but which it is proposed to extend. The sale was made through the agency of the Lathrop Real Estate Company.

BIG PLACER STRIKE REPORTED NEAR ATLIN

DAWSON, Y. T., March 7.—A report has reached here that a placer strike has been made on Silver creek, 125 miles eastward from Atlin, which is causing much excitement in the Atlin district and elsewhere in the southern part of the Yukon basin.

Skookum Jim, one of the discoverers of the Klondike camp, who lives at Carcross, has been to the new strike and reports the indications fine. He is said to claim the situation looks more promising than did Bonanza.

Two of the stampedees to Silver creek, as reported in the news by wire several days ago, met with disaster. One was frozen to death and the other brought in badly frozen.

No details have been received as to the strike.

KNIGHTS OF ROAD WILL SOON WORK ON SAME

SANTA BARBARA, March 7.—Gaviota, in the northern part of Santa Barbara county, is to be made the recruiting station for tramps to be put to work on county roads. If the plans now before the board of supervisors carry, the hoboes, establish camps in the mountains and put the men to work on the San Marcos road. The system will be virtually that known as convict road-work.

Special officers will be commissioners for Gaviota and the men taken in soon as they alight, brought to this city and then by the court sentenced to the road camp for the full limit of the law. As this county has hundreds of unimproved roads there is hardly any limit to the possibilities of the system.

Veteran of 82—Life Saved

Mr. W. C. Atkinson is filled with enthusiasm over his complete recovery from grip and loss of appetite.

"I myself do firmly believe that had I not seen the advertisement of Duffy's Pure Malt Whiskey on my return to my country home from the National Soldiers' Home in Tenn., I would have died, as I had taken a very severe cold which gave me grip and I could not eat enough to give strength. Right then I bought 6 bottles. It helped me so much that I vowed that thereafter I would not be without it."

"I know that, taken as prescribed, it is certainly good for old people. I am a veteran of the Mexican War of 1846. I was a musician only 17 years of age. I was 82 years old September 25th. Born in 1830. Very distinctly do I remember seeing the stars fall."—W. C. Atkinson, Russellville, Tenn.

MR. W. C. ATKINSON, 82 years old.

Duffy's Pure Malt Whiskey

is a safeguard in Winter against serious diseases. If used as directed. You can break up a cold with Duffy's before it becomes deep-seated and dangerous. For men and women who are exposed to Wintry blasts and raw, wet weather it is an effective protection. It is pure and dependable in throat, lung and stomach troubles. It overcomes weakening, wasting and run-down conditions of body, brain and nerves. Makes the old feel young and keeps the young strong and vigorous.

CAREFUL!—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. Look for the label and seal. The label has the name "Duffy's Pure Malt Whiskey" and the seal has the name "Duffy's Pure Malt Whiskey" and the words "BOTTLED ONLY—never in bulk." Look for the trademark—the "old black dog" and the words "Duffy's Pure Malt Whiskey" and the words "BOTTLED ONLY—never in bulk." Write for a medical booklet and doctor's advice, free. The Duffy Malt Whiskey Co., Rochester, N. Y.

Must You Be Bald?
What have you done to stop your hair from falling? Have you tried Reaxil "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff, if your hair is falling out and your scalp is not clean and shiny, if you use Reaxil "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money, or we will give you a new bottle of Reaxil "93" Hair Tonic. We won't even question you. We will take your word and return your money.

Doesn't it stand to reason that Reaxil "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Reaxil "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble to be had when Reaxil "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness—when you can pay for the treatment should it fail to please you?

We don't oblige you to anything. You simply buy the treatment, use it, and if not pleased, come back to us unconditionally and we will hand back what you paid us. Two sizes, 50c and \$1.00 a bottle.

PICKPOCKET ROBS A CENTENARIAN

Meanest Thief in San Francisco Deprives Aged Visitor of Savings.

SAN FRANCISCO, March 7.—Cell No. 8 on the south wing of the city prison yesterday afternoon held Peter Morrison, aged 99 years and 359 days.

"If I live until the 11th day of this month," declared Morrison, "I will be 100 years old."

The meanest thief in San Francisco robbed the old man. Recently Morrison came from Albany, N. Y., to see a distant relative, George H. Sheppard of Sacramento. Morrison visited San Francisco yesterday morning to see if the weather would help his asthma.

He went to a water front hotel and fell asleep in the lobby. The meanest thief then appeared and opened the old man's vest stole \$35 in currency from a pocket and obtained the transportation back to Sacramento for the aged man.

Morrison says in his prime he was a contractor. He declared yesterday that he was born in Scotland on March 11, 82.

Coughs and Colds Disappear Like Magic

When the average person gets a cough or a cold, it usually takes at least ten days or two weeks to break it. Even if you consult a doctor—it takes this long to get rid of it, and when it comes time to pay the bill, you wonder how much the doctor really helped you. If you want to get rid of your cough or cold immediately, get a bottle of Parker's Cough Syrup, and it will relieve you at once.

One dose will relieve, one bottle will usually cure a cough. If after using a bottle, you are not perfectly satisfied, we will refund your money. 25c a bottle at all druggists.

POSTURE OF CHILD INQUIRY SUBJECT

Teachers to Make Reports on Children Who Incline to Stoop.

To develop the proper posture of the child has become an important part of the athletic work of the public schools of this city, and Professor H. G. Pfund, supervisor of physical culture in the local grammar schools, has requested the teachers to keep a record of every child's walk with reference to general posture. Last year Professor Pfund examined 14,000 boys and girls, and during 1913 he plans to conduct the same test. The instructors are required to watch the pupils who have a tendency to stoop. According to statistics, the number of physiologically normal children increases from the first to the fourth grades and decreases from the fifth to the eighth grades.

Eminent physicians have declared that the physique of a child changes for the worse from the moment he commences school. Children, on account of hereditary tendencies, general weakness and rapid growth, are inclined to spinal troubles. The most common is the "kyphotic back," or posterior curvature of the spine, with the corresponding depression of the chest wall.

By means of uniform athletics in the schools the physical culture director expects to correct the physical imperfections in the child and is endeavoring to strengthen the weak as well as to make the work fit the needs of the strong.

HARDWARE MEN PLAN PROGRAM

Elaborate Preparations Made for Convention at Hotel Oakland.

Elaborate preparations are under way for the annual convention of the California State Retail Hardware Dealers' Association, which will be held in Oakland March 11, 12 and 13. The session will begin Tuesday morning with a meeting of the executive committee at the convention hall, and in the afternoon the different members and delegates will be registered and badges distributed. The convention will, after the registration, be called to order by President I. C. Walker of San Francisco, who will address the assembled delegates. Committee reports will consume the principal portion of the first afternoon's session.

In the evening an informal smoker will be held, at which several novel "stunts" will be produced. Wednesday the one-cent post for letters, the parcels post, fire insurance and several other matters will be considered, and T. M. Shearman of San Francisco will be a speaker. Wednesday night the delegates will attend the Pantheater as guests of the convention.

The session will close Thursday with the election of officers and a big banquet at the Hotel Oakland, when the newly elected leaders of the organization will be installed in office.

TEACHERS OF STATE TO GATHER IN FRESNO

FRESNO, March 7.—The annual gathering of the alumni of the San Jose state Normal school will be held here concurrently with the Central California Teachers' Association, to be held on Thursday, March 13. It is expected that a large number will attend the gathering, as the graduates of the San Jose Normal now number more than 5000.

SEEKS NEW RECORD.
NOME, Alaska, March 7.—Michael Samuels, driving the fast Hennessey dog team, left here at 2 o'clock yesterday afternoon in an effort to establish a record for the 2000-mile trip over the Snow trail to Valdez. Samuels expects to make the journey, which usually requires 35 days in 25 days.

JUDGE DECRIES JURY'S VERDICT

"Go Kill Someone Else," He Tells Acquitted Chauffeur.

NEW YORK, March 7.—"You may go home, get another taxicab, go out and kill somebody else," Judge Foster of the general sessions court told Leon Gerard, a taxicab driver, acquitted of murder yesterday. "The jury has given you permission to do so."

"Gentlemen," continued the court, addressing the jury which had just given its verdict, "you seem to think that a drunken chauffeur can run recklessly with his machine through the streets and go unpunished. At least that is what you say by your verdict. But in this case your state of mind, in order to reach that verdict, can best be described as the peace that passeth all understanding."

Gerard was indicted for the murder of Mrs. Mary Dithridge, a cousin of District Attorney Whitman, whom he ran down last April.

JUDGE BELIEVED TRAMP BY OWNER OF BAKERY

REDWOOD CITY, March 7.—Casting aside judicial cares for an afternoon of sport, Justice of the Peace H. W. Lamkin put on his hunting clothes yesterday and prepared to leave for the hills. Before going he walked into a bakery to buy provisions.

His honor called for a loaf of bread, but the proprietress of the shop looked askance at the soiled hunting togs.

"Take your own money to pay," she quipped.

Lamkin blurted out his name and the shopkeeper supplied her customer.

Lamkin went on his way cowering never again to judge a man by his clothes.

San Mateo county vagrants may profit by the incident.

CURE IS FOUND FOR FRUIT PEST

Parasite to Kill Fly Discovered in West Africa Jungle.

HONOLULU, March 7.—Doctor Silvestri, an entomologist sent by the Hawaiian territorial board of agriculture to make a search in different parts of the world for a parasite to destroy the fruit pest known as the Mediterranean fly, called yesterday from Capetown, South Africa, that he had found it in the West African jungle and that he would bring it here at once via Australia. For years the Mediterranean fly has been a curse upon the fruit industry of Hawaii. The search for an effective parasite has been going on for years.

CALIFORNIA LADY BUGS ARE WANTED

Requests Come From New Zealand and Germany for Pest Exterminator.

SACRAMENTO, March 7.—Applications have been made to State Horticultural Commissioner Cook by orchardists and vegetable growers in Germany and New Zealand for colonies of the lady bugs of California, which, each year, is used to rid the melon patches of the Imperial Valley of aphids.

Interest has been aroused all over the world in the industrious lady bug, which, under E. I. Carns as superintendent of the state insectary, was developed as one of the most effective pest-fighting agencies in the state.

Dr. Cook says that already this year two million more lady bugs have been collected than were gathered last year. Agents are still in the Sierras, where the insects hibernate, adding to the stock in the state insectary.

BOY, PLAYING WITH PISTOL, KILLS SISTER

NEW YORK, March 7.—When Herman Correll, a policeman, opened the door of his dresser yesterday his pistol was missing. As he started to look for it he heard a shot in the next room. There he found his 4-year-old son holding the weapon, while in a little heap on the floor lay the boy's sister, aged 18 months. The bullet had entered her left eye, pierced her brain and killed her instantly.

BANKRUPTCY PETITIONS ARE BEFORE COURT

SAN FRANCISCO, March 7.—The following petitions in bankruptcy have been filed in the United States district court: Henry and Charles H. Hilden of the firm of the Occidental Art Company of Oakland, whose liabilities are \$2251, an admission agent of Berkeley liabilities \$15,707, with no assets; Raymond A. Booth, a local clerk, liabilities \$1772, an insolvent petition filed against the Greater San Francisco Bank Company by its creditors. NOTICE

Edison, the "Wizard," the greatest inventor, has perfected his "talking motion pictures."

Motion pictures that talk—think of that!

Edison calls the invention the "Kinetophone." It is the crowning triumph of the "Wizard's" marvelous career.

The Kinetophone talking motion pictures will be shown for the first time in the West next Sunday at the Oakland Orpheum.

The talking pictures are now a tremendous sensation in New York.

The Orpheum Company has purchased the exclusive right to their use in the West.

They will be an added feature of the Orpheum bill next Sunday.

The event will be historic.

Edison declares the Kinetophone will eventually displace all other dramatic productions and will absolutely revolutionize the theatrical world.

DIVINE CAUSES WILD SCENE IN LEGISLATURE

JEFFERSON CITY, Mo., March 7.—The Missouri House of Representatives adjourned last night in a wild scene, caused by the attempts of Rev. T. Laughlin of Rolla, Mo., to deliver a speech attacking the county unit local option bill, adopted by both houses. Rev. Laughlin started to denounce what he called the puritanical spirit which led to the passage of the bill when Representative Hay, author of the bill, rushed at him, seized his frock and was only prevented from doing him personal injury by the interference of other legislators. Hay

then delivered a speech in which he declared the attitude of the minister disgraceful. When Rev. Mr. Laughlin began a reply the house was adjourned quickly.

BOY RUNS AWAY TO ESCAPE SCHOOL

SAN FRANCISCO, March 7.—Warren Lee Dougherty, aged 13, of 270 Twenty-ninth street, rebelling at the thought of going to school, broke away from his mother at Twenty-second and Valencia streets yesterday, and has not returned home. His parents believe he has gone to San Jose.

SPLENDID ARCH TO GRACE BIG EXHIBIT

Donovan Designs Very Artistic Structure for Coming Display.

An arch that will rival in beauty and architecture anything that has ever been seen in the West has been designed by City Architect J. J. Donovan, to be placed in front of the broad stairs that will lead to the lower floor of the Kahn building where the manufacturers of Alameda county will hold their exhibit. The time set for the show is from April 19 to evening of April 26, and active preparations will commence on the work soon.

The exhibition committee of the manufacturers reported last night that they were ready to proceed with the work. Permission has been secured from the city council to remove the sidewalk and build the arch and the next few days will see the manufacturers busy preparing for the show.

MISS ROOSEVELT TO MARRY ON APRIL 4

OYSTER BAY, N. Y., March 7.—The date of the wedding of Miss Ethel Carow Roosevelt, daughter of Colonel and Mrs. Theodore Roosevelt, to Dr. Richard Derby of this city, has been fixed as Friday, April 4. The wedding will be in the Episcopal church here and a reception will follow at the Roosevelt residence on Sagamore Hill. The bride couple will sail the next day for a honeymoon trip to Europe.

WANTS EXTENSION OF 8-HOUR LAW

William Rutherford Takes Proposed Measure as Topic of Speech.

"It would be only fair to extend the eight-hour law to the fruit industry," said William Rutherford of the California Cotton Mills, last night, at a business meeting of the manufacturers' committee of the Chamber of Commerce. Rutherford told of the effect that the eight-hour law for women had on the cotton mills and while commending the eight-hour day as a universal institution, said that his company had been forced to put on two shifts in order to compete with eastern and southern mills none of which worked less than nine hours and some as long as 13. "I believe in the eight-hour day when it is made worldwide. At the present time we employ women for a portion of the day and these women are a great many of them will go into the canneries and work at the completion of their day with us. That is not treating us fairly. We are entitled to the best efforts that our help is capable of producing and for that reason I am in favor of extending the eight-hour law to all industries alike."

"We in California have legislated against the manufacturer until eastern capital realizes that the laws here are detrimental to their interests and I know of many specific instances of prospective investors stopping further investigation when they found that the laws were slightly against them."

"As to the employers' liability law, we find much in the present law that is fair. Perhaps a little more to the employers would be commendable, but the proposed bill is extravagant to the employer."

Rutherford's talk was one of many that were heard during the discussion of the bills that are before the legislature at the present time, many of which the manufacturers consider of greatest importance to the growth of Oakland.

A legislative committee of the manufacturers has already addressed Senator George Hans and Assemblyman W. A. Clark of the Alameda county delegation on several of the bills.

STENOGRAPHER MAY BE OUT OF JOB

Wilson Finds the Civil Service Rules Stand in Way of Appointment.

WASHINGTON, March 7.—Miss Salome Tarr a pretty and exceedingly efficient stenographer, is increasing the number of gray hairs with which time is sprinkling President Wilson's head. Miss Tarr was one of the President's stenographers when he was governor of New Jersey, and Mr. Wilson is desirous of finding a place for her in some of the departments here.

Accordingly he has canvassed the situation and interviewed virtually all of his official family, with the result that each has told him that the civil service rules stand in the way. In addition, the government of late years has been endeavoring to replace women stenographers with men shorthand writers.

"You'll have to kick a hole in the civil service rules and make the appointment an executive one if you desire to place the young woman," is in effect what his advisers told the President. Mr. Wilson is jealous of the civil service and the situation in which he is finding himself is embarrassing him.

NATIONAL BABY SHOW IS PLANNED

Eugenics Exposition May Be Held in San Francisco During 1915.

PORTLAND, Ore., March 7.—With the idea of having a national baby show, or exposition of eugenics, at the world's fair at San Francisco, a movement has been started here to have such shows at state fairs throughout the United States, the winning babies in each to be entered in the international event.

One thousand dollars has been appropriated by the Oregon state fair board for the exposition of eugenics at the state fair next fall. It is the largest appropriation ever made by any state for an exposition of this kind.

SOUTHRON ROBBED BY S. F. HIGHWAYMEN

SAN FRANCISCO, March 7.—John H. Jones, of 313 Market avenue, Los Angeles, was waiting on the Embarcadero for the 10 o'clock train to return to the southern city, last night when he fell a victim to two strong arm men and was robbed of \$30. The assault occurred a block from the Harbor police station. Jones was unaware of the presence of the thugs until a hand was placed over his mouth by one man while the second exhibited a blackjack and forced him to hand over his money.

ADMIRAL WILLIAMS RETIRED

Admiral Albert Willis U. S. N., was placed on the retired list of the navy yesterday on account of age. He has been more than 40 years' service, 17 years of which he spent at sea.

TRY IT! SAYS SAGE TEA DARKENS AND BEAUTIFIES FADED, GRAY HAIR

Mixed With Sulphur Makes Hair Soft and Luxuriant and Removes Dandruff.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is coming in vogue again, says a well-known downtown druggist. It was our grand-mother's treatment and hundreds of women and men, too, are again using it to keep their hair a good, even color which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussing mixing at home.

All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is the most popular because nobody can discover it has been applied. Simply dampen a soft brush or sponge with "Wyeth's Sage and Sulphur" and draw this through your hair, taking one small strand at a time. Do this tonight, and by morning the gray hair disappears and after another application it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it produces that soft luster and appearance of abundance which is so attractive; besides prevents dandruff, itching scalp and falling hair. Here, you gray-haired folks, get busy; look years younger—Advertisement.

WESTERN ASSOCIATION TO GOVERN BIG MEET

FRESNO, Cal., March 7.—As a result of word received here yesterday that the Fresno county fair grounds track had been declared outlawed by the American Automobile Association, local automobile racers, backed by the Board of Supervisors, are planning to hold their coming Raisin Day races, April 30 under the auspices of the Western Automobile Association. The disqualification came as a result of races held here on Washington's Birthday last, when a local racer and the track were outlawed for racing with an outlay from Visalia. The Fresno fair grounds has been famous in the past as an automobile course, some of Barney Oldfield's world records having been made on it.

TEAMSTER ACCIDENTALLY KILLED BY GAS LEAK

SAN FRANCISCO, March 7.—Joseph Mehan, a teamster of 1254

Tenth avenue, was asphyxiated accidentally last night. This morning when his wife awoke she detected the odor of gas and discovered that her husband, returning late, had failed to turn off the burner, and was dying.

When Dr. Quigley reached the home he found Mehan sinking rapidly, and despite his efforts, the latter died at 5:30 a. m.

Do You Want A Good Complexion?

NATURE alone can aid you. Indiscretions in diet will clog the bowels and eventually affect the skin. External applications may be a benefit to those who already have a clear skin, but to others an internal remedy must be given.

NATURE has provided an ideal laxative water that will purify your blood, keep your stomach and intestines clean, and relieve constipation—the real cause of pimples and other facial blemishes. Get a bottle of NUTRACE JAFOS WATER to-day—NATURE's favorite—at any drug store; take ½ glassful, upon arising, daily for a short time, then note the difference in your complexion.

SAN FRANCISCO, March 7.—President P. H. McCarthy of the State Building Trades council announced yesterday that owing to the limited time in which to make preparations for the proposed mass meeting announced for Dreamland rink Saturday night as a welcome to C. A. Twitmore and Eugene A. Clancy the meeting has been postponed without date. The postponement will be at the ferry depot at 6 o'clock.

The two men recently released will be received by a large delegation, representing the various organizations of the Building Trades council and other labor unions that contributed to the bond fund for their liberation.

Another Big Merchandising Scoop by Capwell's

Sole Alameda County Agency Secured for INDESTRUCTO TRUNKS

First Grand Exhibition and Demonstration Begins Tomorrow Morning at 10 o'Clock in Window and on Third Floor

An Exhibition Worth Coming a Long Way to See

In this display will be included the identical INDESTRUCTO TRUNK that a few weeks ago in a nearby city was dropped from a ten-story building to prove its strength. It struck the ground with a blow equal to 6000 pounds.

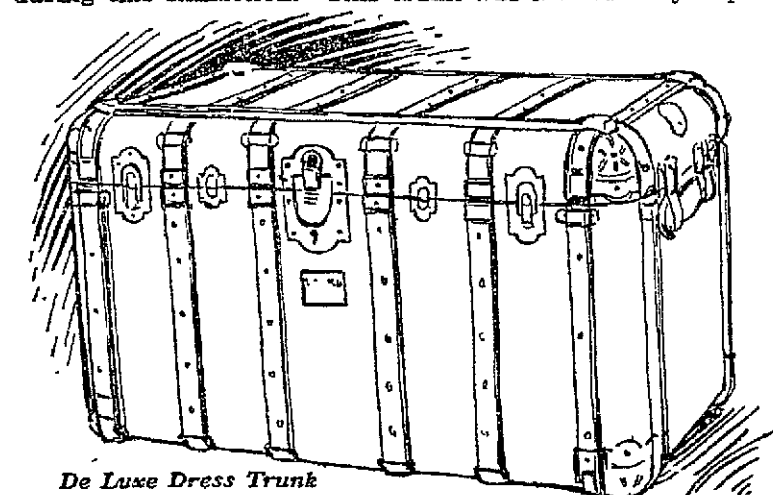

Come and See For Yourself How Well It Stood the Test

Included also in this interesting exhibition is the same trunk that was delivered in an aeroplane by Aviator Leonard Bonney. This trunk was carried in this unique manner from Dominguez Field, Los Angeles, to a customer of Pasadena—a distance of 37 miles.

INDESTRUCTO TRUNKS Are Insured for Five Years against wreck or collision on land or water, fire in your home or hotel, theft or breakage. They are guaranteed to remain in usable condition for five years from the day sold or the purchaser gets a new one without cost. They are also registered against loss. If your INDESTRUCTO goes astray it can be found in a few hours by duplicate number kept on file in the factory.

An Instance Where the Company Made Good

An INDESTRUCTO that went through a fire recently over at Berkeley and was damaged will be shown during this exhibition. This trunk was immediately replaced by the company.

De Luxe Dress Trunk

Women's Trunks

The INDESTRUCTO TRUNKS designed especially for women are the most convenient of their kind made anywhere. The line embraces

Steamer, Dress, Wardrobe and Hat Trunks in all the Indestructo Models

The needs of the woman traveler were carefully studied and an arrangement produced that would take care of the wardrobe and yet be so light that any part of the trunk would be accessible to her at a moment's notice.

No woman ever looks at the interior arrangement of an INDESTRUCTO without an exclamation of delight. They are fitted with a commodious hat box and special three-compartment top tray built to accommodate shirt-waists, gloves, stockings and other nick-nacks. The skirt trays are long and light.

Clean, light and convenient. Complete, even to the umbrella holder.

Indestructo Trunks Are Air Tight

Built air-tight and vermin-proof, INDESTRUCTOS may be used as storage chest for furs and other clothing when not on the road.

INDESTRUCTOS possess a style and dignity not had in trunks, and their appearance is always a matter of envy at the stations and hotels visited. The owner of an INDESTRUCTO is looked upon as a traveler "who knows."

A Letter Commendatory

GENTLEMEN:

As requested, I enclose herewith guarantee registry card for the INDESTRUCTO DREADNAUGHT TRUNK which I purchased from you a few days ago.

I note the enthusiasm you are showing regarding Indestructo Trunks, and feel that the following will be of interest:

I have now made six trips around the world, and up to four years ago had no end of trouble with my luggage, it sometimes being necessary to purchase from one to three trunks on each trip, they stood up so unsatisfactorily.

September, 1908, I was persuaded to purchase an INDESTRUCTO. This trunk I have taken around the world four times, covering about 105,000 miles, and visiting the following countries: Honolulu, Japan, Korea, Manchuria, China, Siam, Malay, Peninsular, Sumatra, Borneo, Burmah, India, Ceylon, Arabia, Egypt, Palestine, Smyrna, Greece, Cyprus, Africa, Spain and all parts of Europe.

This INDESTRUCTO has certainly done what no other trunk has ever done for me to date, giving me at least three times as much service as any other trunk that I have ever had, and with the exception of a few scratches, which it has received from baggage-smashers the world over, it is as good as new.

I would be more than pleased to be used as a reference on INDESTRUCTO luggage, should you feel it would be a benefit to you, at any time.

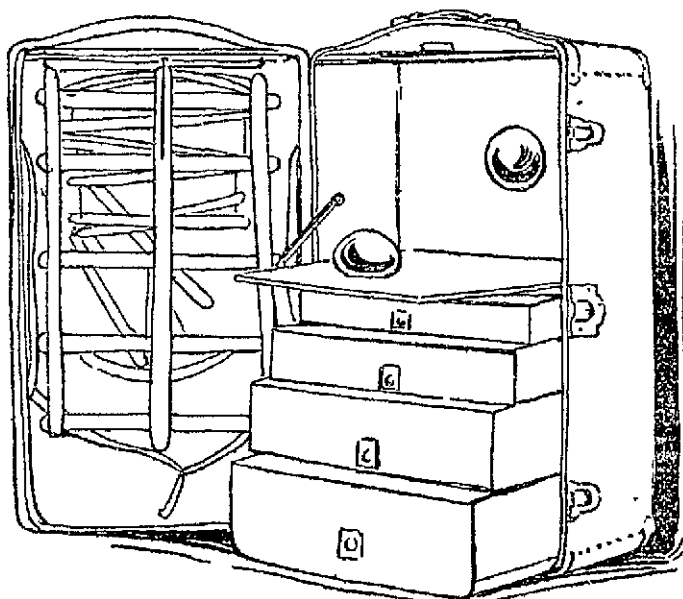

D. F. ROBERTSON.

The above strong letter of recommendation was written to his local dealer by Mr. Robertson, who is manager of the Steamship Department of the Citizens' Trust and Savings Bank at Los Angeles, California.

Remember, in buying a Trunk, you buy not only for the present but the future. Therefore, the best is the cheapest. Indestructos are the best and the cheapest.

Indestructo Traveling Bags and Suitcases. Most stylish in appearance and give longest wear.

THESE, TOO, ARE GUARANTEED

Wardrobe Trunk

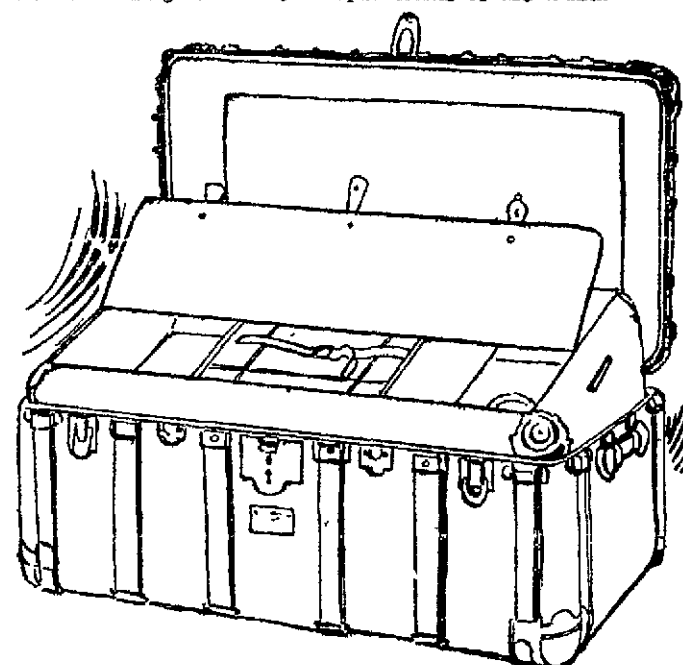

Clothes packed in an INDESTRUCTO WARDROBE trunk will travel safely and uncrushed.

These trunks offer wider attractiveness and more conveniences than any other trunk on the market.

It is made in all styles and sizes, including the steamer wardrobe.

In the standard size—45 inches high—it is possible to pack 15 men's suits and an overcoat, in addition to collars, shirts, hat and other accessories.

It has an exclusive feature in an automatic locking device which secures both the drawer and wardrobe sections without closing the heavy compartments of the trunk.

Gentlemen's Traveler

Men's Trunks

Men who like to travel with "classy" baggage will always choose an Indestructo.

The needs of the man traveler were just as carefully studied as those of the woman before the Indestructo interior arrangement was planned. They are made convenient for packing of men's wear and are easily accessible at all times.

Will stand all the jolts and jars and stain of travel

H.C. Capwell Co.
THE FACE HOUSE

The "Jointless" and "Smashless" Trunks—Built for Travel Comfort

INDESTRUCTOS are built without joints. Just how this is accomplished is a secret known only to the manufacturers. In the factory are many workshops to which only employees are admitted—BUT THE PUBLIC IS CONCERNED ONLY IN THE RESULTS, and Indestructo trunks have completely revolutionized the travel field.

Their jointless construction has proved its correctness time and time again where strains were strongest and the jolts the most severe.

The process of cementing six plies of hardwood veneer together—and a similar method of assembling panels and corners—is a method that belongs exclusively to INDESTRUCTO BUILDERS.

The Indestructo line consists of six choice trunks—all of which are carried by Capwell's. They are:

The De Luxe
The Wardrobe
The Special

The Traveler
The Dreadnaught
The Greyhound

All sound and shapely in outline—of splendid service and strength and containing many different and better features than the ordinary trunk.

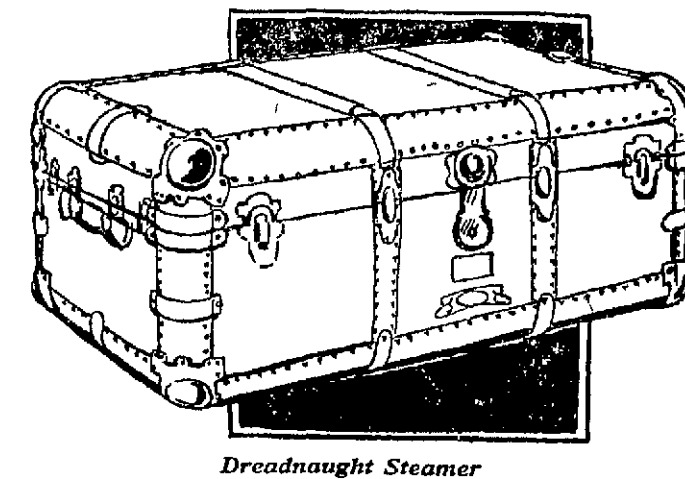

INDESTRUCTO TRUNKS

Are Giving Splendid Service to Thousands of Users Everywhere

The INSURANCE and REGISTRATION features belonging to INDESTRUCTO TRUNKS are very important (protecting purchasers against loss), but the main reason so many are buying Indestructos now, is the splendid service they are giving to thousands of users.

Indestructos are Globe Trotters

There are lots and lots of hard knocks to be withstood by the trunk that makes a "round-the-world journey"—and many very high-priced trunks will not stand this gruelling test. The INDESTRUCTOS will. Positive evidence of their extraordinary durability is given in Mr. Robertson's letter published in another column.

'CASCARETS' BEST FOR THE BOWELS

No Headache, Bad Taste, Sour Stomach or Coated Tongue by Morning.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction. Are you keeping clean inside with Cascarets or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important. Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels. No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

CHURCH CENTER FUND GROWING

Rivalry Grows Among Canvasers of the Trinity Episcopal.

The canvass for funds to establish a Trinity Episcopal community center at Twenty-ninth street and Telegraph avenue is three days old and about \$6000 has been secured. Now that the many volunteer workers have become accustomed to their task and are more proficient in soliciting the daily results will be larger, as was evidenced by yesterday's record. A spirit of friendly rivalry is running high, each team trying to report the largest amount. The young women's committee is now in the lead, following closely by the citizens' committee, the senior women's being third on the list and the young men's fourth. The subscriptions thus far range from \$400 down to \$1. Several subscriptions in four figures are in prospect and will doubtless be reported next week. The canvassers constantly speak of the cordial manner in which they are received and of the evident public desire to have the young people of the community provided with every facility needed for their protection from evil influences and development in strong character. They also feel that now that the project is becoming better understood, the people realizing that it is to be a non-sectarian institution, it will be easier to secure the balance of the funds.

"DIRECTOR GENERAL" SAFE AND SURE JOB

WASHINGTON, March 7.—John Barrett, director-general of the Pan-American Union, is one official who is not worrying over the permanence of his job. He is safe. It was discovered that because of the peculiar organization of the Pan-American Union, Barrett's position was not subject to changing administrations, but his tenure of office was dated by the votes of 21 republics comprising the union. The United States, as a member of the union, has no greater voice in its direction than the smallest of the sister republics. As a result Barrett can snap his fingers at those who cast envious eyes on his official position.

RECORDS SMASHED AT INDOOR MEET

Famous Athletes Lower Former Marks for Athletic Events.

NEW YORK, March 6.—Although Patrick J. McDonald, the New York policeman who won Olympic honors last summer, smashed a world's record last night when he put the 24-pound shot 39 feet 13 1/2 inches, the real star of the annual senior indoor championships of the Amateur Athletic Union held in Madison Square Garden last night was Abel R. Kiviat of the Irish-American A. C. who won the 660 and 1000 yard runs.

In romping away with the two big weights, McDonald broke the record of a new American record in the 1000-yard run of 2:15 4-5, shortening his own record of two years ago by two-fifths of a second. An hour later he led "Ted" Meredith, the Olympic winner, by inches in the 600-yard run, with Tom Halpin of Boston a close third.

McDonald exceeded his own world's record by five inches when he smashed the mark for the 24-pound shot tonight. The former mark was made at Celtic Park outdoors 18 months ago.

The American indoor records were equalled in the seventy-yard high hurdle by James I. Wendell of Wesleyan and by Howard P. Drew, the negro sprinter from Springfield, Mass., in the 75-yard dash.

ENCAMPMENT SET FOR JUNE 10 AT RENO

The national encampment of the Grand Army of the Republic of the Department of California and Nevada will open in Reno on Tuesday, June 10, and will continue to and including the following Saturday. The matter was determined by Department Commander W. R. Thomas and the council of administration for the department in Oakland yesterday, following a conference of the citizens and Grand Army committee of Reno. Formal announcement of the dates of the encampment will be issued in a few days. Colonel Robert M. Green of Oroville, department inspector, will be a candidate for election to command.

IT HEALS ECZEMA

Just Give Resinol a Chance and See Skin Humors Vanish.

Don't stand that itching eczema torment one day longer. Go to the nearest druggist and get a jar of Resinol Ointment and a cake of Resinol Soap. Bathe the eczema patches with Resinol Soap and hot water, dry and apply a little Resinol Ointment. The torturing itching and burning stop instantly. You no longer have to pick and scratch, sleep becomes possible, and healing begins. Soon the torturing eruptions disappear completely and for good. Resinol has done this for thousands upon thousands of sufferers from all sorts of itching, scaly skin troubles. Give it half a chance and it will do as much for you. You can try Resinol Ointment and Resinol Soap at our expense if you want to. Just write to Dept. A. C. Resinol, Baltimore, Md., and we will send you a generous sample by return mail. Resinol is sold by every druggist and is prescribed by doctors for eighteen years. Resinol Ointment in opal jars costs 50 cents and \$1, Resinol Soap, 25 cents a box.

Butter-Butter-Butter!

For the Fourth Time
This Week

EAT butter, but don't waste it. The right place for butter is on your dining table; the wrong place is in your kitchen. Every time you shorten or fry with butter you waste money. **Cottolene**—the vegetable shortening—will give you equally good results at one-third the cost.

Cottolene

makes light, digestible food, which any stomach can digest. **Cottolene**-made food is rich, but never greasy. Neutral in taste, practically without odor, **Cottolene** is a product of carefully selected cotton oil, refined by our exclusive process.

Use one-third less **Cottolene** than either butter or lard.

Convince yourself with this recipe:

One Egg Muffins
1 1/2 tablespoons melted **Cottolene** 1 tablespoon sugar
1/2 cups milk 1 egg 3 cups sifted flour
3 teaspoons baking powder 1 scant teaspoon salt
Sift the baking powder and flour together; add **Cottolene**, sugar and egg and milk. Use more or less milk, according to the quality of the flour.

LOVE MUST FEED ON LOVE OR PERISH OF STARVATION

By LAURA JEAN LIBBEY

(Copyright, 1913, by Laura Jean Libbey.)

Love! thou hast every bliss in store;
Thy friendship, and thy something more;
Each other every wish they give;
Not to know love is not to live.

LAURA JEAN LIBBEY.

"good old sensible married folks" love his best to shorten the age of love in his wife's heart. He does not realize fully that the most precious possession that comes to a man in this world is a woman's affection.

It takes kindness and tenderness to keep the flame of love burning in a wife's breast. She who is tenderly cared for realizes that her love grows more beautiful and stronger with the years. Of such a wife it may be said:
Love and chivalry to her lord she bore;
She taught him to be a man, but she loved him more;
Not a word of duty or superior air,
But taught by his indulgence to obey.

Wives, too, are responsible for shortening love's age. In courtship she is all tenderness, sweetness, and smiles, and in the first flush of wedded life she cannot do enough for her little lord. She finds that love perishes almost in the first year of marriage, when women between them. Love of husband and wife differs from that of sweethearts, inasmuch as it cannot blow hot and blow cold, breaking out into a healthy flame at last.

The age of love depends upon the lovers who are bound by its rosy chain, whether single or wedded. It blossoms in each individual life—it is placed to the account of every one of us to prolong its life or cut it short—to watch close lest it merge into friendship. What is love's age?

Each heart must decipher this according to his or her own experience. Happy are they who keep it to a green old age. Aged couples are sure that love can abide with them up to the last hour of their lives. We will not believe the point with them. Let them hold to so sweet and consoling a belief. After all, as a person thinks, so he is.

THEY ARE ENGAGED.

Dear Miss Libbey: I am 16 and am deeply in love with a young man four years my senior. I have been going with him for about four years and we are engaged to be married, but he is paying attentions to another girl. Now as I do not think I could be contented with any one else, please give me advice about this line. When I say anything about our affairs he says he loves me dearly and he also thinks some. He is about my size, 5 feet 7 inches, and has brown hair and eyes. He has given me several pieces of jewelry and I want to know if it was right for me to accept it. I do not know of our engagement, but if they do not give their consent I shall elope with him. They do not like him and say they do not want me to have anything to do with him because of his drinking. But he has promised me he would quit drinking. I am going to school, but just waiting to quit any time to become the bride of this young man. He works good, but has several bad habits, such as drinking, use of tobacco and profane language. But he cannot cause me to dislike him. B.

My dear little girl, you don't realize on what dangerous grounds you are. The fellow is evidently a thoroughly worthless and your life would be ruined if you ever were so silly as to marry him. If you ever married a man of that type you would probably have to earn your own living. Could you do that? Would you like to do it? These are questions to think about. Don't disgrace yourself and your family by eloping. I am sure you are too sensible to do that. He certainly has

several bad habits and I think the less you have to do with such a fellow the better chance you will have for a little pleasure out of life. Don't have anything more to do with this fellow.

FAMILY CONSIDERED WELL FIXED.

Dear Miss Libbey: I am a high school girl of 16. I am considered a very good looking, having brown eyes and an olive complexion. Our family is considered well fixed and we own our place. I dress in good taste and the latest style, but not flashy. I have a good voice and sing in the choir of our church. I belong to the Glee club and have been in several entertainments. But (and here comes my story) I am not a very good catch with the boys. I have gone with the best boys in town, but only once or twice. They never seem to want to come back very long. I am not loud and I do not allow familiarities like some girls do. Can you explain to me the reason why they only care to go with me once or twice? I met a boy recently from another small town and he came up every Saturday for about seven weeks, but even he has stopped writing and has gone with another girl. I would not let him kiss me good-night. Am I prudish or is it right? I think all of that should come after the engagement. Don't you?

Yes, agree with you that kissing should not be indulged in by young couples that are not engaged. You are too young to be thinking of yourself as a "catch." I think perhaps you make the mistake of being too serious and you frighten the boys so that they do not want to come again. You would have a great deal more fun if you would think of the boys only in the light of good friends and not as possible lovers. That's the sensible way to do.

"GOOD, ESTEEMED GENTLEMAN."

Dear Miss Libbey: There is a young man of 21. He goes to dances and I do, too. Several times he asked to accompany me home. I go to the dance with a crowd of girls. Would he be proper for me to go home with him when the girls go home with their fellows? He is a good, esteemed gentleman. Mother does not seem to object.

CUCULIA.

Yes, it would be entirely proper to permit the young man to escort you home, providing he is a nice young man and your mother approves.

ONLY COMES ONCE A WEEK!

Dear Miss Libbey: I have gone out with a young man several Sundays and he has been nice to me, but he doesn't ask to come more than once a week. As I admire this fellow much, do you think it would be advisable to ask him to call more often, or would I be "frustrating" it too much.

LEONORA.

Once a week is enough for him, Leonora. He certainly would think you were "frustrating" it. Don't let him know your "bottom" line.

HE HAS LOTS OF BAD HABITS.

Dear Miss Libbey—I am 16, about 5 feet 2 inches tall, yellow hair, blue eyes and a very fair complexion. I hope you will give me a good answer. I love a young man of 21. He has dark brown hair, brown eyes and has a dark complexion about the same size as myself. My love is returned. We have loved each other from childhood, but my parents do not let me have company with any one. They hardly want me to speak to him. Now he has asked for my hand in marriage, but they refuse and would not let me go anywhere where I would see him. He is a miner and has lots of bad habits. The use of tobacco, liquor and slang are the worst habits he has. But they say love blinds to all things. I guess I have blinded me to his faults. B.

I am disappointed in you allowing yourself to approve of a man with so many bad habits. If he really loved you he would overcome all these vices. Listen to your parents, like a good girl that I know you are. They really love you and are thinking of your future happiness.

NE'S CROSS ABOUT IT.

"Dear Miss Libbey: I am 20, and I am going to get married. I have a great deal for him. But recently he

left the state to take a better position, 300 miles from my home. Recently I was introduced to a very nice man of 24, who took a liking to me from the very first, and I have been going out with him. Today I received a letter from the one I am engaged to, and it was short and he said that he knew about the other young man. And I don't know what to do, as I have several dates with the latter. What would you advise me to do?

JANE.

My dear Jane, I am surprised. You should not have accepted the attentions of the other fellow when you were engaged. You might write to the young man to come and see you and ask his opinion as to your going about with the second fellow. If he objects follow his wishes in the matter. You wouldn't like to have him going about with other girls, would you?

FINDS HIDING PLACE.

SAN FRANCISCO, March 7. (C.A.S.) E. Dorn, proprietor of a candy store at 1719 Fillmore street, has a secret hiding place where he keeps his receipts from day to day. Last night a burglar entered the establishment with a mask and took \$25.00 from the spot where it had been hidden and escaped.

SCHOOL AND PLAYGROUND

Y. M. C. A. BOYS TO ENTERTAIN AT GYMNASIUM

As hosts of the evening the boys of the Young Men's Christian Association will entertain their parents and friends to-night in the gymnasium of the association building, Twenty-first street and Telegraph avenue. There will be a demonstration of free-hand exercises by all the boys in the class. The business boys will perform with wands, while the juniors will give an exhibition of floor work which will consist of tumbling, drills and marches. In addition to these acts there will be basketball games, an indoor baseball game and a tug-of-war contest between the business boys and the intermediate classes.

T. S. Caldwell, boys' director, will illustrate the different forms of the Young Men's Christian Association work, which will represent scenes at the summer camp, picnics and other activities of the organization. Director Caldwell has personally collected the pictures, which will appear upon a screen.

HIKING EXPEDITION.

If the weather permits, the boys leave early tomorrow morning for a hiking expedition to Mount Tamalpais.

The following enjoyed the trip last Saturday to Shepherd's and Redwood canyons: Byron Leschinsky, Paul Stark, William, Eugene, Austin, Layman, Daniel Harrington, Roger Ogilvie, Bernhard Lindstrom, Ralph Waldo Emerson, Thomas Andrew, Lawrence Wagoner, Kendall Heathorn, Kimmy Callery, Presley Price, Marshall Loyoy, Barry Wood, Charles Benson and Wesley Howard.

OLD HARRIMAN HOME DEEDED TO BISHOP

ROCHESTER, N. Y., March 7.—The Sodius Point home, the late Edward H. Harriman has been deeded by Mrs. Mary A. Harriman to Rt. Rev. William D. Walker, bishop of the Episcopal diocese of Western New York, for the use of clergymen in need of rest.

Mrs. Harriman recently gave to the town of Sodius land for a park that now bears his name. It was at Sodius Point that Mr. Harriman began his career in railroading. He lived there for many years.

COMMERCIAL HIGH STUDENTS ACTIVE

HAROLD STEWART.

—Hartsook photo.

As president of the commercial class of the Manual Training and Commercial high school of this city, Harold Stewart of the class of January, 1913, distinguished himself by his painstaking work in the interest of the forward movements of the school.

Before the end of the term many entertainments and dances will be given under the auspices of the school. A number of members of the faculty will act as chaperons.

The student body societies of the Manual Training and Commercial high school have been reorganized and the activities of the institution are in full swing.

Miss Hazel Wortham, who graduated several years ago from the Manual Training and Commercial high school, has been re-elected secretary to P. M. Fisher, principal of the school, for the second term.

JOINT PROTEST PLANNED BY VALLEY BOOSTERS

FRESNO, March 7.—Following the action taken by the Chamber of Commerce, the Fresno Fair Association, the Realty Exchange and other organizations here protesting against the provision in a favored legislative bill for citrus experiment station "south of the Tehachas," a movement was started for a joint protest from all over Central California. The fair association will send its president and secretary, J. E. Dickinson, and one of the directors, G. L. Ward, who is a director of the State Horticultural Society, to Sacramento to fight this provision of the bill.

WAGES MORE THAN COST OF LIVING

Statistics Taken in the Case of Carmen by Transit Company.

PHILADELPHIA, March 7.—The average monthly housekeeping expenses of married motormen and conductors in the employ of the Philadelphia Rapid Transit Company are \$66.90, or \$2.82 less than the average wages, according to an investigation into the cost of living conducted by the company, the results of which was made public in a bulletin to employees issued yesterday. As a basis for that average, the expenses of 500 families were taken by the company, which is investigating the cause of the high cost of living by the cost of living to its employees. The wages of the men were \$70.82 for the month, an average of \$11.42 more than they received for the same month last year.

It was found that most of the families consisted of four members. The average rent paid was \$14.01; food cost, \$22.18, and other expenses averaged \$20.71.

MARYLAND GUN CREWS WIN TARGET RECORD

NEW SUITS, COATS AND DRESSES

ARRIVING DAILY

Each morning witnesses the arrival of many new and exclusive models in Spring Suits, Coats and Dresses. While we have garments to show at all prices, we have made it our aim to show the very best values in Suits at \$24.75 and \$35.00 to be found on the Coast. These seem to be the most popular prices and even if that were not true the values we are displaying would make them so.

AT \$24.75 and \$35.00 we show a very comprehensive line of Suits coming in all the new cloths such as Eponge, Bedford Cord, Wool Bengaline and others of the same class. The patterns consist of many black and white checks, stripes in all materials and a full display of the plain materials. The styles include the now popular Cutaway and the Bulgarian Blouse. Most of the suits are fancy in effect although the assortment includes some very stylish semi-tailored effects.

COATS—We show a great assortment of Coats in about the same materials as above and in addition we include a large number of Silk Coats in Cords, Brocades and Charmeuse.

Silk Coats from \$35.00 to \$50.00.

Other materials at \$20.00 to \$45.00.

SILK DRESSES—We desire to announce the arrival of our Spring Silk Dresses. This announcement is made for the benefit of those who have inquired from day to day as to when they would arrive. The assortment consists of Charmeuse, Brocade and Eponge principally.

Strong Line of \$10 Hats

Our customers are well informed as to the expensive hats we carry. Some of them do not know that we aim to give the best value in \$10.00 Millinery to be found on either side of the bay.

These hats come in tailored and dress styles. The trimming is of Ostrich, Aigrette, Flowers, etc.

As to coloring all that has been deemed the proper thing for Spring 1913 is well represented. In fact no advertisement of any kind is able to do justice to the really tasteful display we are showing at this eminently popular price.

SIGMA TAU MEMBERS HOLD BANQUET AT HOTEL OAKLAND

SCENE AT BANQUET GIVEN AT HOTEL OAKLAND BY THE SIGMA TAU CLUB.—Photo by California Photo Co.

The annual banquet of the Sigma Tau to the new members of the society was held in the blue room of Hotel Oakland last night. Several hours were spent in the banquet room, songs being sung and speeches made by those present. The toastmaster of the evening was Edward C. Bridgman Jr., the past president.

Flowers and ferns decked the tables and with the menu provided by special chef the evening was voted a success. The 1913 officers of the society have been elected as follows:

Clyde Hildreth, president; Earl G. Alexander, vice-president; William S. Sneathen, treasurer; Raymond J. Sheehan, secretary.

The new members are: Charles Irving Magill, George Mauritz Olson, Hubert Phillips Alderman, William Sneathen.

Among the old members are: Hubert P. Alderman, Earl G. Alexander, Marshall A. Ball, William R. Ball, Herbert B. Bonham, Edward C. Bridgman Jr., Clyde Harris, Clyde Hildreth, C. Irving Magill, G. Mauritz Olson, James H. Robinson, William Sneathen, Raymond J. Sheehan, Charles G. Smith Jr., Jackson S. Smith, Perry C. Smith, William S. Sneathen, Edgar R. Thompson.

The committee of arrangements was made up of Edward C. Bridgman Jr., chairman, Herbert B. Bonham, James G. Robinson, Marshall A. Ball.

WOULD KEEP GIRLS OFF THE STREETS

Chief of Police Called Upon to Stop Gum Selling at Night.

The attention of Chief of Police Walter J. Petersen was drawn to the presence of a number of young girls, ranging from eight to thirteen years of age, who are on the streets of Oakland in the business district every evening selling gum. Miss Beatrice McCall, assistant probation officer, and a number of women representing the Child's Welfare League called upon Chief Petersen this morning and asked that something be done to keep the girls from the streets.

Following a conference Chief Petersen announced that he would issue orders that boys and girls under age should not be allowed to sell gum on the streets or peddle candy or papers after 9 o'clock at night. In the case of the girls, he explained that several of these belonged to families in destitute circumstances and that he could not well drive them from the streets during the day.

A system of investigating the conditions of families in which the children are allowed to work as street hawkers is to be instituted by the chief of police, and only where the family is in part dependent upon such children's work will the permits be granted.

EXPOSITION REPORT MADE BY NEVADANS

State Officials Announce Arrangements for Sites and Exhibits.

SAN DIEGO, March 7.—M. D. Fairchild, representing Governor Odell, of Nevada, Senator H. J. Jones, representing the state senate, and Assemblyman Peter Buol, the assembly, today telegraphed a preliminary report to the Nevada executive relative to sites and appropriations by the state for the exhibitions in San Diego and San Francisco. The three comprise a commission on exhibitions and the report recommended to the governor that the Nevada appropriation be divided equally between San Diego and San Francisco. The appropriation bill is in Carson City awaiting the report and if carried will provide \$100,000 for the two exhibitions. The commissioners start for their homes tonight.

MISSING MAN IS FOUND IN RENO

May Have Been Drugged and Robbed Say His Friends.

Robert D. Pate, Sacramento capitalist, for whom the Oakland police have been on the lookout since his disappearance was reported by Mrs. H. W. Evans, 539 Portola avenue, Alameda, on February 23, was found in Reno on Wednesday by his stepson, Henry W. Evans. It is believed that confidence men drugged Pate and put him aboard a train bound for Reno, as he was found there in an emaciated condition and penniless.

Pate arrived in Oakland from his Sacramento home on the way to Santa Barbara, and registered at the Hotel Oakland on the 5th of February. Some time later he telegraphed his business associates for money and after his receipt nothing was heard from him until he was found on Wednesday.

He tells a disconnected tale of having met a stranger on a train bound for Reno. This stranger was with Pate at the time he was found by Evans but hurried away after Evans made himself known.

Over a year ago Pate sustained a fractured skull and while it is believed that this may have been the cause of his disappearance and queer actions, the police of Reno told Evans that several similar cases had come under their attention in the last few months, and it is thought that the men have fallen into the hands of persons who drugged and robbed him. The police of Oakland and Reno are looking into the case.

NEW AUDITORIUM BIDDING WANTED

Alameda County Builders' Exchange Asks for Altered Specifications.

That the specifications for the new municipal auditorium, as drawn up, prevent bidding by coast firms on the structural iron, is the claim of the Alameda Builders' Exchange, which has filed a protest, and asks that the specifications be altered, that coast firms may be allowed to bid on the contract. They claim the steel, as prescribed, cannot be manufactured in coast factories.

According to the builders, if the steel is ordered from the East it will take some thing like \$50,000 from the state. The letter has been submitted to Supervising Architect J. J. Donovan, who will attempt to adjust the matter. The Exchange asks the Chamber of Commerce to use its influence with Mayor Mott and the City Commissioners to the end that the contract may go to some California firm.

City Architect J. J. Donovan stated last night, in answer to the complaints, that in order to give the men in the bay section every opportunity to bid upon the steel, he asked their representatives to consult with him before he presented his drawings to the City Council, and that they said everything looked satisfactory to them. At the last minute, however, they refused to bid. "I am willing," Donovan said, "to give every chance in my power to local men, and will always do so when their wishes do not conflict with the best interests of the city."

HELD TO ANSWER ON BURGLARY CHARGE

C. A. Pierce and Fred Lutz, arrested last week in possession of tools stolen from a shed at College avenue and Lawton street, were held to answer before Judge Mortimer Smith this morning on a burglary charge, bonds in the sum of \$2000 each being fixed for their appearance before the superior court. B. F. Butler was the owner of the tools. It was shown that the two men had broken into the shed at night to commit the theft. The arrest was made by Inspector T. J. Flynn.

POPE-HARTFORD CO. TO FURNISH POLICE AUTO

The contract to furnish a new police patrol automobile was let this morning by the city council to the Pope-Hartford company on the basis of bids received yesterday. The bid was

INDUSTRIES STEAL LIVES OF MANY

Will J. French Talks to Stanford Students on "Community Criminality."

STANFORD UNIVERSITY, March 7.—Will J. French of the State Industrial Accident Board addressed two audiences of students and faculty members here today, explaining the provisions of the new workmen's compensation and insurance bill and quoting from the Board's latest statistics to show the appalling loss of life and limb in California work-shops.

He urged the University authorities to co-operate with the Board in a campaign for prevention of accidents by impressing upon students in the engineering courses the danger to economic life caused by the annual killing or crippling of thousands of men.

In the morning French addressed the students in the department of economics and in the afternoon those of the engineering department. He said:

"In industry a broken piece of machinery is repaired, while an injured man is usually replaced. President Woodrow Wilson in his latest book, 'A New Freedom,' says it is our duty to 'humanize industry.'"

"Dr. Gustav Stresemann, a former prominent member of the Reichstag and a well-known economist, has just returned to Germany after a tour of the United States. Here are his words: 'The conditions in most American factories in respect to safety are simply horrible, and any German factory inspector would be astonished if he could observe the dangers to which the majority of workmen are exposed.'"

"Each university in this land can do telling work by training men to prevent accidents, as well as to assist all efforts to make the unfortunate injured are not cast aside. Best of all is the prevention."

"California's death toll in the occupations last year amounted to the loss of 412 life-bodied men. Half of these men could have been saved if preventive devices and reasonable precautions of safety had been installed."

"Leaving aside the sacredness of human life and the drain on our resources, and taking policy of dollars and cents, these deaths represented a wage loss of \$10,454,637."

Entire revision of the license ordinance is projected by the city council. The matter has been referred to Commissioner of Finance and Revenue John Forrest to make recommendations. The council will consider the ordinance on the second-hand furniture dealers, the real estate men and others.

Judge A. F. St. Sure, representing 25 second-hand furniture firms, appeared before the city council this morning to protest against the license law of \$10 a year imposed upon people in this line of business. It was admitted by the city council that this tax was heavy, and Commissioner of Streets W. J. Bacon introduced an ordinance amending the license ordinance to reduce the second-hand furniture dealers' tax from \$10 per annum to \$12. The ordinance was given its first reading.

Other revisions will be recommended by Commissioner Forrest.

The protests have come since Chief of Police Walter J. Petersen took charge of the license matter, as the chief has instituted the practice of enforcing the license ordinance on all concerned.

URGE PROBATION FOR A. H. MOORE

Friends of Convicted Forger Offer to Aid Him in Making Good.

The friends of Albert H. Moore, self-confessed forger, rallied about him this morning in Judge Donahue's courtroom, when his petition for probation came up for hearing. Six of them in quick succession testified to a long acquaintance with the defendant, and for the most part gave very favorable evidence for the young man. One witness, Louis P. Kennedy, stated to Judge Donahue that he was willing to advance \$200 or more if necessary as soon as Moore got out on probation to help straighten out the tangle of financial affairs which were responsible, according to the testimony of the forger, in bringing him into his present predicament.

Others who testified for him were R. W. White, Andrew H. Irving, W. T. Dunn, C. E. Cotton, Mrs. J. Broadman, who cashed the checks which got Moore into trouble appeared and asked to make a statement. She had nothing further to say, however, than that she had cashed the checks, and was wondering how she was going to get her money back.

The court informed her that was not the question up for hearing, as the court had nothing to do with that matter.

From the testimony of the witnesses it appeared that Moore had gone to Honolulu about ten years ago with a baseball team, and had been since then employed as umpire here. He had told Cotton that he hoped to be able to land a job as umpire this year, and thereby save enough money to pay back the amounts which he received from forged checks.

Asked why he had forged the checks in the first place, several witnesses said his own explanation was that he had gotten into domestic trouble, and had simply gone to the bad. His reputation previously, however, had been such that several of his friends had offered to help him make good the amounts, and had agreed to find him a position in case he was granted probation. Judge Donahue said to the prisoner that he and the district attorney wanted to go into the matter more thoroughly before deciding what was best and therefore would postpone the case until next Tuesday.

FIRE GONGS TO GIVE WARNING

Will Ring for Drivers and Pedestrians on Oakland's Main Streets.

Gongs to warn pedestrians and drivers of vehicles of the approach of the fire apparatus rushing to a fire are to be placed on the main thoroughfares of Oakland where traffic is heavy. When the Broadway, Washington or San Pablo route is taken to a fire, the gongs will be set ringing by an automatic device from the central alarm station.

A report as to the cost of these gongs for the protection of the public is being prepared by the city electrical department. Mayor Frank K. Mott and Commissioner of Public Health and Safety Fred C. Turner have fathered the plan to install the alarm bells.

PRIVATE SCHOOL FOR GIRLS INCORPORATED

A private school for the children of Piedmont is planned by the incorporators of the "Miss Ransom and Miss Bridges' School," who filed articles of incorporation here yesterday, calling for a capital stock of \$175,000, of which \$110,000 has already been subscribed. The school will be conducted as a private boarding and day school in the exclusive section of Oakland's wealthy residents. Yearly dividends of 6 per cent are promised on the investment. The directors of the school are Marion Hanson, Edith Bridges, Mark L. Requa, Muriel Ransom and Wallace M. Alexander.

PARCELS POST IN OAKLAND GROWS

Increase of Nearly 400 Per Cent Reported by Paul Schafer.

The remarkable record of an increase of nearly 400 per cent is shown in the comparative records of the Oakland parcels post business, in the first and last week of its operation, by figures which have been kept by Postmaster Paul Schafer.

Last week 5029 packages were received and delivered as compared with 2733 packages during the first week. In January those dispatched during the same periods were 5045 and 2251 packages. The system was commenced with the use of one auto delivery wagon. At present there are two autos and one delivery wagon used in the service. The wagon is used in the downtown districts bounded by First and Twenty-second and Lake and Market streets.

The C O D feature will be added on July 1 and it is believed that this will make heavy inroads on the business of the express companies. A 10-cent stamp will send a package C O D and insure it up to the amount of \$50. The amount for which the postoffice will collect is \$10. It is also possible at present to send a package by special delivery by using the same amount, 10 cents, that is necessary in sending a letter. If special delivery stamps are used the package goes in the letter pouch with the first class matter which will insure its more rapid transit as well as more prompt delivery at its destination. The present receipts of the parcel post are \$2000 a month.

J. W. Roberts, the supervising superintendent of the public buildings on the Pacific coast, in connection with the Treasury department, is thoroughly in accord with Postmaster Schafer's idea of a postoffice on each floor. He was a visitor at the postoffice this morning.

"In Chicago they have found that four floors is a very inconvenient plan and are at present casting about in an effort to relieve the situation," said Roberts.

Roberts supervised the construction of the San Francisco postoffice as well as other buildings on the coast. It is likely that if condemnation proceedings are instituted against the holders of the property on Franklin street in back of the postoffice that he will be one of the board of appraisers.

ACCUSED MAN FREED.
Raleigh Blaisdell, charged with felony embezzlement for the alleged appropriation of a horse and rig belonging to G. F. Glazier, was exonerated and the case dismissed when it came before Judge George Samsen this morning. Evidence introduced was insufficient to hold the defendant.

THE PATRIOT

In naming the new yacht Shamrock IV, Lipton places great faith in her numerical rank in the list of Shamrock contenders for the coveted cup, for he is a great believer in the luck attributed as being associated with the wearing of the four-leaved clover. However, if Sir Thomas is inclined to be at all superstitious, he has apparently overlooked the fact that the 1914 contest for the possession of the precious trophy, if it takes place, as it in all likelihood will, will be the thirteenth of the series of races to be sailed since the first contest for the cup in 1851. Of course, the number 13 is supposed to be unlucky; possibly Lipton may interpret the superstition as bad luck to the New York Yacht Club and not to him.

ANDERSON TELLS OF WATERFRONT

Public Works Commissioner Addresses Manufacturers on Improvements.

Commissioner Harry S. Anderson gave an illustrative lecture on water front development before the manufacturers' committee of the chamber of commerce last night that was a revelation to the

was the tallest on the Pacific coast and giving a detailed talk on the remarkable construction and speed in its building, Anderson's talk was in part as follows:

"On the eastern or continental side of the water front extending from Ferry point at Richmond clear down to San Leandro bay. Along this waterfront there are outlets for all the principal continental railroads, while the only road entering San Francisco is the Southern Pacific. One road might make a mistake but to have all the big railroads seeking an outlet on this sweep of waterfront shows beyond the shadow of a doubt that Oakland has the goods to deliver and the railroads are anxious to deliver those goods for us.

HARBOR WORK.

"Richmond has already voted bonds for the improvement of its waterfront

development of its waterfront while Oakland has already expended a great deal of money and done a great deal of work in furnishing accommodations for deep water shipping.

"As a commercial asset all harbor development on this side of the bay is of the greatest interest to Oakland and works for the upbuilding of our city as well as that of the communities lying to the north and south of it. The geographical and natural center of the sweep of waterfront lies in front of the city of Oakland. The waterfront of Oakland comprises 20 miles of what will eventually be a continuous line of docks and warehouses and the scene of the greatest shipping activities the Pacific coast has ever witnessed. Many of Europe's greatest ports have not near the amount of docking space that Oakland has and have no Panama canal to bring to them the combined commerce of the east and west.

"The Brooklyn basin is the Livingston street pier completed with Livingston street pier completed through so as to serve as an approach to it. Here also the first section of the reinforced concrete highway, which will encircle the entire waterfront and on which the belt line railroad will be carried, has been

ready when the commerce of the world comes knocking at our doors and it has been the aim of the department of public works to do everything possible to hasten the work of the Oakland waterfront.

BONDS VOTED.

"On November 15, 1911, bonds in the amount of \$5,500,000 were voted for the development of the waterfront and the purchase of land and tonight you will be told what has been done with that money and what the citizens of Oakland have secured for the bonds which they voted.

"At the Brooklyn basin is the Livingston street pier completed through so as to serve as an approach to it. Here also the first section of the reinforced concrete highway, which will encircle the entire waterfront and on which the belt line railroad will be carried, has been

extending from Clay to Myrtle streets, a concrete wall banked by 150 foot strip of city property on which will be located warehouses, belt line railroad, spur and cross-over tracks and the other necessary facilities for handling of freight. The work on this wall is being rushed to completion.

ON WESTERN FRONT.

"A channel 350 feet wide and 25 feet deep at mean low tide has been dredged to Apron Wharf No. 1, which wharf is now built and is located at the foot of Seventh street. A turning basin has been constructed in front of Wharf No. 1 and also lies in front of Wharf No. 2, which lies immediately adjacent to No. 1, and this turning basin is connected with the basin in front of Wharf No. 2 at the foot of Fourteenth street, by a channel 18 feet deep and 200 feet wide. These wharves are 65 feet wide and

connecting with the foot of Four-

teenth street and Apron Wharf No. 2 is a trestle, 4022 feet in length, which trestle is in use at the present time but will be done away with upon the completion of the fill in the Key Route basin.

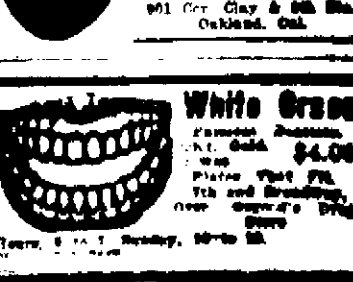

"The fill in the Key Route basin will consist of 400 acres, owned by the city for factory and warehouse sites with all necessary industrial tracks in order to attract new industries."

ANIMAL HOSPITAL ORDINANCE PASSED

Protestants Against Placing of Home for Dumb Brutes Satisfied.

With the passage of an ordinance prohibiting the establishment of any animal hospital or home where sick or injured animals shall be cared for, excepting temporarily, the protestants against the placing of an animal home in East Oakland left the council chamber this morning satisfied. The ordinance was framed by Attorney Walter R. Dunn, representing the protestants, with the assistance of the city attorney's office.

The ordinance, it is said by attorneys and by the representatives of the Society for the Prevention of Cruelty to Animals, will not affect the proposed home in East Oakland, which is now under construction. The society representatives state that they do not intend to board sick or injured animals at the home, excepting in cases of emergency, and this right is covered by the ordinance.

"It is not as drastic as we wished," explained Dunn, "but it seems to be the best we could do."

"You must not be deceived into thinking that this ordinance will stop the erection of the home," explained Mayor Frank E. Mott. "It will not do so."

The ordinance will be finally passed a week from Monday. The protestants have been before the council a score of times in the past few weeks.

HOW ORDINANCE READS.

The ordinance reads in part as follows:

Whereas, the establishment and maintenance of any hospital, home, asylum or other institution where diseased or injured cats, dogs, horses or other animals are treated, cared for or kept, except temporarily and for temporary treatment in case of emergency, within the limits of the city of Oakland within 300 feet of any church, residence, school, house, dwelling house, or any well, or spring from which water is drawn for household or drinking purposes, is determined by the council of the city of Oakland to be injurious and dangerous to the public health and safety, now, therefore, be it ordained by the council of Oakland, as follows:

Section 1. No hospital, home, asylum or other institution where diseased or injured cats, dogs, horses or other animals are treated, cared for or kept, except temporarily and for temporary treatment in case of emergency, shall be established or maintained within the limits of the city of Oakland within 300 feet of any church, residence, school, house, dwelling house, or any well, or house, from which water is drawn for household or drinking purposes.

PANIC RESULTS WHEN FERRY MISSES SLIP

SAN FRANCISCO, March 7.—Hundreds of ferry passengers were thrown into a panic when the ferry building at 7:30 this morning when the Southern Pacific's Enclinal misjudged its slip in the fog and crashed into the ferryboat Berkeley.

The Enclinal, crowded with passengers arriving from Oakland, steered for a slip in which the Berkeley passenger ferry was moored. The Enclinal's bow struck the Berkeley's side and crashed against the wall of the slip.

Frightened passengers were rescued by officers of both boats and the Enclinal backed out and found its proper slip, leaving no further damage than a quantity of splintered lumber.

ROTARY CLUB LEADER IS GUEST IN OAKLAND

R. W. Smith, former president of the Minneapolis Rotary club, and Mrs. Smith were the guests of the Oakland Rotary club at luncheon yesterday, and he conveyed the greetings of the international organization and the Minneapolis club to the members of the Oakland club.

Mr. Smith, who is a resident of Minneapolis, was in Oakland on business, which he said was aided by the activities of the Rotary club.

LABORER KILLS SELF: MOTIVE NOT KNOWN

SAN FRANCISCO, March 7.—Carmelo Cortopassi, a laborer, 46 years old, living at 718 Arkansas street, walked into a vacant lot at Twenty-second and Texas streets this morning and fired two shots into his head, dying instantly. Nothing is known as to the cause of the suicide.

LIPTON'S CHALLENGE HAS 75-FOOT STIPULATION

LONDON, March 7.—Sir Thomas Lipton's challenge for the American cup stipulates that the competing yachts shall not exceed 75 feet at the water line and that winning three out of five races shall decide the issue.

DANCE HALL WILL BE MEETING TOPIC

Social Workers to Discuss the Matter; Many to Attend Affair.

"We feel that every man and woman in Oakland, especially young people, are interested in the promotion of clean social pleasures," said Miss Beale Wood, in speaking of a meeting that she as president of the Child's Welfare League and Miss Beatrice McCall, the probation officer, have called for Monday at 10 o'clock at the rooms of the Civic Center at the Key Route Inn.

The neighborhood dances in the school houses and the abolition of the cheap downtown dance halls are the subjects to be discussed by representatives of several of the clubs and civic organizations that have been invited.

"Every one will be glad to assist in the elimination of one of the most serious evils of our community," continued Miss Wood.

"Little can be done unless public sentiment of the city is with this movement. For this reason we have called to this conference as many as we could reach of the organizations which should reach of the organizations."

One of the things which will be suggested at this meeting is the appointment of a Recreation Commission which shall have general charge of the promotion of neighborhood dancing clubs and other kindred organizations which may use the school houses and public playgrounds as meeting places and to which shall be delegated the privilege and power to arrange adequate supervision for such gatherings.

Among the organizations which will be present are:

The various organizations of the Federated Mothers' Clubs, the Catholic Ladies' Aid Society, the Oakland Playground Commission, the Knights of Columbus, the Child's Welfare League of Alameda County, the Young Ladies Institute, and the Young Men's Institute.

The Young Women's Christian Association and the Young Men's Christian Association, the Oakland Civic Center, the Alameda County Probation Committee and the Church Federation.

Section 1. No hospital, home, asylum or other institution where diseased or injured cats, dogs, horses or other animals are treated, cared for or kept, except temporarily and for temporary treatment in case of emergency, shall be established or maintained within the limits of the city of Oakland within 300 feet of any church, residence, school, house, dwelling house, or any well, or house, from which water is drawn for household or drinking purposes.

Section 2. No person shall keep or maintain a dog, cat, or other animal, except a dog, cat, or other animal, in a house, dwelling house, or any well, or house, from which water is drawn for household or drinking purposes.

MENDOCINO HAS MANY RESOURCES

Apple and Wool Production Is Shown in Statistics to Be Large.

Mendocino county in 1910 ranked among the 58 counties of California. Third in value of wool and mohair produced, \$158,116; fourth in number of sheep, 129,770; seventh in number of bearing apple trees, 62,263; twelfth in number of swine, 22,069; twenty-sixth in milk product, 2,030,479 gallons; thirtieth in value of hay and forage crops, \$326,688; thirty-third in value of all crops, \$1,531,936. It has as resources 600,000 acres of redwood forest hardly touched with an axe. Thousands of acres of land suitable for apples, grapes, plums, prunes and nut bearing trees. A mountainous country, particularly adapted to stock raising.

SACRAMENTO, March 7.—"Great, big Mendocino county, whose natural resources have scarcely been touched by the hand of man, stands out as one of the leading stock raising, farming and fruit growing sections, and one day ought to be recognized as one of the leading timber sections of the United States," says Secretary of State Frank C. Jordan, who has compiled some interesting data on the county for publication in the State Blue Book. Jordan finds from the 1910 census and State reports for 1910, that this county ranks third among the 58 counties of California in the value of its wool and mohair product, fourth in number of sheep, seventh in number of bearing apple trees, and eighth in the value of hay and forage crops.

He finds also that with a land area of 2,209,970 acres, the county had but 721,825 acres in farms. Indicating that vast amount of good farming land still awaits development. All farm property had a value of \$14,659,467, an increase in ten years of \$6,071,951, or 70.7 per cent. Domestic animals on farms were valued at \$1,657,805, and those not on farms at \$50,714. The total number of cattle, horses, mules, hogs, sheep and goats was 192,232. The value of animals slaughtered totaled 103,575, and the receipts from the sale of animals amounted to \$348,864. The value of the wool and mohair product was \$158,116.

DAIRY PRODUCTS.

Dairy products for the year had a value of \$189,528; poultry products, \$121,577. The milk product amounted to 2,030,479 gallons and the butter fat sold, 39,172 pounds. The total butter product for the year ending September 30, 1911, was 662,334 pounds. The number of poultry raised was 64,935. There were 441 colonies of bees, and the honey produced amounted to 6090 pounds.

All crops were valued at \$1,531,936; the cereal crop, \$178,887; hay and forage crop, \$326,688; vegetable crop, \$121,577; fruit and nut crop, \$108,524; all other crops, \$540,218. There were 5433 acres planted to cereals, 27,015 acres in hay and forage; 3087 acres in alfalfa; 18,429 acres in wheat, 2488 acres in oats, 15,429 acres in grain of all kinds; 616 acres in potatoes. The cereal product amounted to 199,039 bushels; corn, 14,454 bushels; oats, 14,559 bushels; wheat, 68,185 bushels; barley, 43,570 bushels; hay and forage, 68,065 tons; alfalfa, 6253 tons; grain of all kinds for hay 21,355 tons; potatoes, 78,909 bushels.

The number of bearing orchard fruit trees was 125,252; tropical fruit trees, 300 trees; 752. The apple product numbered 68,685 bushels; peaches, 6228; pear trees, 18; plum and prune trees, 27,197; cherry trees, 1181; fig trees, 358; almond trees, 229; walnut trees, 8090. The total orchard fruit product amounted to 212,326 bushels; nut product to \$50,040 pounds; grape product, 4,471,050 pounds; apple product, 122,000 bushels; peach product, 10,031 bushels; 859 bushels; nut product, 10,031 bushels; plum and prune product, 63,356 bushels; fig product, 25,126 pounds; small fruits, 69,492 pounds; almond product, 4260 pounds; walnut product, 9990 pounds.

THREE WATERSHEDS.

Mendocino county, with its western boundaries washed by the Pacific Ocean, is divided into three great water sheds. The Russian river and its branches, the Eel river range. In the north the Eel river, with its tributaries, carries the waters from the northeastern ranges. Between the Coast range and the ocean, through the redwood belt, numerous rivers and creeks drain the western portion of the county. The water power of Mendocino is inexhaustible; most of it yet undeveloped. Topographically the county is mountainous to a great extent, the eastern portion being broken up into a chain of rich valleys, separated from the coast section by numerous unbroken ridges. The western section, lying on the ocean, takes in a scope of country 100 miles long, and from 15 to 20 miles wide, containing one of the most magnificent bodies of redwood timber on the Pacific Coast. A narrow strip from one-half to three miles in width, next to the ocean, comprises some of the most productive land in the county. The eastern and central part consists of timbered mountains and broad stretches of open hill country, estimated to contain over a million acres of grazing land, and numerous valleys containing 150,000 of agricultural land, claimed to be second to none in the state. The largest of these valleys comprise the Ukiah, Redwood, Sanel and Potter valleys, drained by the Russian river; Round Valley, Little Lake and Long valleys, farther north in the Eel river section, and Anderson Valley and Hermitage Valley in the basin of the Navarro river. Through all the variations in altitude the climate is mild, with a good growing season.

An appropriate description of these valleys is given in the Blue Book article, and to the cities and towns within each valley, the climate is important in wealth and development, is well adapted to agriculture and fruit growing, especially peaches and prunes. Vegetables, berries and grapes are raised in abundance. Hops are an important crop. Here is located Ukiah, the county seat boasting up to date municipal advantages.

MANY VALLEYS.

Mention is made of Redwood and Coyote valleys, Potter valley, and the town of Potter, the latter terminus of the Northwestern Pacific railroad; and Sherwood valley, Anderson valley, with fertile soil adapted to all crops. Round valley, the largest in the county where cereals grow well; Long valley, where stock raising is profitable; Jackson valley, where the fruit of the vine is raised.

The town of Fort Bragg, having daily communication with San Francisco and interior towns by railroad to Ukiah, and one of the largest lumber shipping points in the state, boasting a good harbor and an almost exhaustive timber belt surrounding it, is located in the Point Arena, Westport, Rockport, Hardy, Bear Harbor, Guadalupe, Fish Rock, Mendocino, Miller and Greenwood valleys. The most interesting thing about Mendocino county, comments Secretary Jordan, is its great forest resources, which are the future of the state. With some 600,000 acres of timber, estimated by some authorities to be the largest in the world, the future of the county is bright.

Put of lumber in 1910 approximated 200,000,000 feet.

REFUGEE MADEROS REACH HAVEN IN NEW YORK CITY

Apple and Wool Production Is Shown in Statistics to Be Large.

FRANCISCO MADERO SR.

NEW YORK, March 7.—Francisco Madero, father of the late President of Mexico, arrived here today from Havana, a refugee. He was accompanied by a son, Ernesto, and the latter's wife and family. The widow of the late President remained in Havana.

The Maderos reached here on the steamship Mexico and will remain in the city for an indefinite period. On the same vessel were about 60 other refugees from Mexico, less vitally concerned in the recent events there. Among others was John Kenneth Turner, a writer, who was imprisoned just before the downfall of Madero, but escaped.

WHITNEY'S WIDOW TO HAVE \$1200 MONTHLY

Will of Late Multimillionaire Is
Filed for Probate
Today.

Chief Executor to Be Close
Friend Who Is Well
Provided For.

SAN FRANCISCO, March 7.—The will of the late Joseph Parker Whitney, multimillionaire of Maine and California, who died two weeks ago at the Hotel Del Monte, was filed for probate today by the executor, Vincent Whitney of this city, Parker W. Whitney of Rockton, sons of the decedent and J. M. Landers, a close friend. The testament is interesting by reason of two codicils which follow it.

The estates are almost entirely in the control of the Whitney Estate Company, which owns \$2,000,000 of the property, and it is provided that the widow, Mrs. Lucy Whitney, receive the homestead in Andover, Maine, all of the family jewels, fishing camps, boats, etc., as well as a \$1200 a month income for life, to be paid from the Whitney Estate Company.

Should she elect to come to California, the country home, "The Oaks," in Placer county, is to be kept up by the estate company for her benefit without charge to her.

MANY SMALL BEQUESTS.

There are \$10,000 in small bequests, and Vincent, Parker W. and Helen B. Whitney are each to receive one-third of the estate when they reach the age of 25 years, meantime receiving an income from the Whitney Estate Company.

The codicils refer entirely to the executor and managers of the Whitney Estate Company. In his will, Whitney says that he desires William J. Downing of Boston to be his chief executor and manager and he speaks of him as "my clerk and friend who has served me faithfully for many years." He leaves him, in addition, \$10,000 and provides a salary of \$3500 yearly for his services.

REVOKES APPOINTMENTS.

In a codicil dated May 8, he revokes all of his appointments in connection with Downing and reduces the legacy to \$5000, appointing Landers as executor in his stead. He provides that if Downing contests he is to receive nothing and declares that disputes arose between Downing and himself which were finally settled by his son, Vincent.

He added that it was Downing's custom for years to give him monthly statements which he entered in a private book. Finally he discovered that Downing was giving himself certain credits which were not satisfactory to him, and he asked him for a return of the money, but had failed to receive it.

HANSOM AT DESK.

BERKELEY, March 7.—Auditor L. Hanscom of Berkeley returned to his office at the city hall yesterday for the first time since his illness from smallpox. Quarantined on his home was raised Tuesday. He declares that he was not seriously ill and that he feels no effects other than being weak from the confinement indoors.

DR. FRIEDMANN'S CLINIC CREATES MUCH SKEPTICISM

DR. F. F. FRIEDMANN, WHOSE TUBERCULOSIS CLINIC HAS
EVOKED VARYING OPINIONS.

NEW YORK, March 7.—For the first time in the United States, Dr. Friedrich Friedmann, the German bacteriologist, yesterday administered his tuberculosis treatment to patients, the demonstration taking place in the People's Hospital in the presence of forty physicians.

Four drops of the serum, which is obtained from a marine turtle, were injected into the stomach of three patients, a woman and two men.

Some of the doctors who witnessed the demonstration denounced Dr. Friedmann as a "faker," others called him careless, expressing strong disapproval of his methods of handling cases, while others declared that the German physician had given "a chance."

Dr. Julius Broder was particularly skeptical and denunciatory when Dr. Friedmann, after examining the patients Dr. Broder had brought for treatment,

rejected them saying that their records were incomplete.

"BRANDED 'FAKER.'"

"He is a faker and should be driven out of the country," said Dr. Broder. "He proved to me that his serum is for all persons who think they are sick, or six persons who are already well on the road to recovery."

All of those present at the clinic were astonished at the lax methods employed by Dr. Friedmann in administering the serum. The hypodermic syringe which he intended to use was declared unfit and he had to be cautioned about sterilizing his hands.

Dr. Max Landersman of the People's Hospital said:

"Dr. Friedmann was not in condition today for a fair demonstration. He must have a full, fair trial."

Dr. William Slovich said:

"He has nothing of any value. From his actions I should say he has no faith in the serum himself."

Dr. Meyer Wolf:

"I do not know what to think. His idea, perhaps, is good and he may be all right. I think he should have a good chance."

HUTCHINSON SKEPTICAL.

Dr. Woods Hutchinson, perhaps one of the most noted physicians witnessing the demonstration, declares himself to have been unfavorably impressed with the methods of Friedmann.

"Of course, many of the patients had to be turned away," said Dr. Hutchinson, who described at length the entire demonstration. "But the disappointment of every physician present was manifest when some of the patients turned away were victims in whom the disease was slightly progressing or patients in advanced stages."

The cases accepted by Dr. Friedmann for treatment were two men of about 35 or 40 years of age, with pulmonary tuberculosis and a young woman with bone tuberculosis of the knee.

"One of the male patients had had the disease for five years and lost six pounds in weight. The other had had it for four years and lost five pounds. Both of them had good color and appetite, no noticeable cough and no fever. They were typical cases of the long-lived, chronic so-called fibrous type of the disease which runs anywhere from five to fifteen years and then sometimes leads us on to a splendid end."

NEGLECTED THE 'FAR GONE.'

"Of course, a reasonable man would have expected Dr. Friedmann to cure many more percentage of the far gone, or rapidly advanced early cases. Yet, in view of the high claims made for his remedy and the attitude he has had in setting the standard for the test, it is certainly a matter for regret that he seemed disinclined to take in the very 'borderline' cases and give the world an opportunity to see just what might possibly be accomplished with it in many different types and stages of the disease as possible."

"After the disappointment of the rejected cases were taken up, the demonstration on the operating room and Dr. Friedmann professed two small brown glass, mouthed bottles, containing his famous vaccine and two hypodermic syringes. The vaccine was of the type generally used in this country ten or fifteen years ago for the administration of variolins and other emergency remedies, but which have now been generally abandoned on account of the difficulty in keeping them sterile."

"The doctor had great difficulty in getting the vaccine to work properly as the patients had shrunk and would permit nearly half of the healing fluid to slip past them into the back of the syringe when he attempted to squirt it through the needle. He was offered other and more modern syringes, both from the instrument case of the hospital and from the pocket cases of all physicians present, but waved them impatiently aside."

REQUIRES MUCH TIME.

"Of course, as I said, Dr. Friedmann, in his long and continued devotion to research and laboratory work, may have forgotten such minor details as the handling of a syringe, but he certainly would be wise to get a competent hospital intern or nurse to administer his remedy for him. He consumed an hour and a half in administering three tabs with a hypodermic needle which the average nurse could have done in less than five minutes each and with far higher regard for the antiseptic precautions, which were as slipshod and imperfect as the rest of the technique."

"From start to finish it took three hours and a quarter to select from the

TWO ARRAIGNED ON CHARGES OF THEFT

SAN FRANCISCO, March 7.—W. M. Swarthout, a newspaperman and Charles B. Serwyn, assistant cashier of the St. Francis Hotel, appeared in Superior Judge Dunne's court today for arraignment. The latter is charged with the misappropriation of \$1049 of the funds of the hotel and Swarthout is accused of drawing a check on a bank in which he had no funds. Swarthout was arraigned and his case continued until next Thursday. Serwyn's hearing comes up again tomorrow.

DELAY PLAN TO NAME SUCCESSOR TO LANE

WASHINGTON, March 7.—The nomination of John H. Merble of California as a member of the Interstate Commerce Commission to succeed Franklin K. Lane, who was made secretary of the Interior, today was put over until Monday, owing to a slip in parliamentary procedure. The Senate will meet again at 2 p. m. Monday.

Waiting and eager groups and treat three patients, and he had told the doctors of the hospital that he could treat fifteen patients an hour. At this rate it will take a century to cure this nation of tuberculosis, even with the best cure imaginable.

CLAIMS CURE.

PITTSBURGH, Pa., March 7.—Dr. Austin E. Held of this city claims that he has cured his wife of tuberculosis with the serum which he procured from Dr. Friedmann in Berlin. She has been afflicted for four years.

COSTLY ORGAN TO BE HEARD SUNDAY

**Eighth Avenue M. E. Church to
Have Public Performance
on New Instrument.**

Impressive ceremonies will mark the initial public performance on the new nine organ at the Eighth Avenue Methodist Episcopal church, Eighth avenue and Seventeenth street, tomorrow. The instrument, which was especially manufactured for the church, arrived here four weeks ago from Chicago, where a large concern made the 12 stock organ, which cost \$3475. It contains all the modern mechanical contrivances and is said to be one of the most perfect organs the company has ever made.

During the last six months, expert mechanicians have been working upon it. The instrument will be used for the first time in the church next Sunday morning when Miss Aurora Thompson, organist and choir director, will play the prelude, "The Pilgrim's Chorus" by Wagner. Bishop Edwin H. Hughes of San Francisco, who is in the city, will play the organ at the morning service and Rev. S. D. Dewing will preach the dedicatory sermon at the evening devotion.

An organ rental will be given by Professor W. King at 8:30 Sunday afternoon. The vocalists will be Mrs. M. Melvin Dewing and C. A. Smith.

The program will be as follows:

Invocation—Professor W. King.
Andante Cantabile—Widow.
(a) Cantabile—Nuptials.
(b) Toccata—Dunlop.

Hon. Christopher Larkin-Crane
Keeping house at the Maconough
theater, furnishes amusement for
those who care for Cranesms. And
who doesn't? Echo answers, just a
few, but they keep it to themselves.
William H. Crane's latest vehicle is
one of those comedies constructed as
plays were five or more years ago.
It has been built up simply, the main
story seldom disagrees, and the char-
acters are human. None of which
happens often when American play-
wrights of this year's school get busy.
Crane's latest Senator is Chris-
pher Larkin, from the Northwest, and
strictly honest. His hobby is an end-
less crusade on the Mason land claim,
a relic of the Civil war that has been
in Congress ever since. Crane doesn't
know the Mason claimant, but he be-
lieves the claim is a hoax, the inven-
tion of rotten politics. And so he
lights it tooth and nail. When Con-
gressman Judson, its sponsor, in the
House, discovers he can do nothing
to lure Larkin from the straight and
righteous path, he sets about to sell
the government the Mason property.
"Thousands of acres of rolling salubri-
ous land." On this Judson would
erect a winter home for old soldiers.

JUDSON HAS INSPIRATION.
The fact that the Senator's house-
hold is in a bad way, due to the de-
sertion of his latest housekeeper and
her serving staff, gives Judson an in-
spiration. The Mason land claimant
is Mrs. Ida Flower, a widow, whose
sole legacy has been this claim. With
her youthful daughter, Eva, she is to
be installed as housekeeper, accord-
ing to Judson's plan. While in that
position she will have an opportunity
of winning over the Senator to the
support of the claim.

Mrs. Flower demurs. She is a thor-
oughbred. In the first place, honesty
is her only policy and she hesitates
to impose on Larkin. But there is a
question of bread and butter to be
answered, and Mrs. Flower finally de-
cides to take the place, to attempt
winning over the Senator, to tell
him who she is before the deception
has been carried too far.

Installed as head of the Larkin
household, Mrs. Flower soon becomes
part and parcel of it. She and her
daughter fasten themselves in the
hearts of the Senator and his nephew
and become part of their lives. Love
stories develop fast—the Senator find-
ing himself drawn into the legitimate
charms of his housekeeper.

ACRES OF MARSH LAND.
And thus it stands when Larkin dis-
covers that the Mason claim is to
acres of nothing more than marsh
land. With that information Mrs.
Flower's identity is revealed to the
Senator by the jealous Mrs. Wallace,
who has set her cap for him. Larkin
orders the Flowers from his house,
and the world looks black through
four pair of eyes.

But there is a nephew to be reckoned
with. He admits he is a diplomat
and proves it by marrying Eva
Flower. So what is the Senator to do
but take them to his heart. And
when he discovers that Mrs. Flower
has been the victim of unscrupulous
grifters, what is he to do but kiss
Mrs. Flower. And what is the cur-
tain to do but descend, leaving every-
body happy.

William H. Crane's methods are of
a brand that never fail to delight. He
is an evening's entertainment in him-
self. Aided by Mabel Bert as the
housekeeper, a character which she
portrays in charming style, and by a
capable company, Crane promises his
audiences with a splendid brand of
comedy.

YOUNG HARRIMAN IS RAILROAD DIRECTOR

NEW YORK, March 7.—William Averell
Harriman, son of the late Edward H. Har-
riman, who celebrated his twenty-first
birthday last November, made his initial
plunge in finance yesterday. Although
young Harriman is still senior at Yale
and is generally supposed to be more in-
terested in giving Yale a better crew than
anything else, it was announced that Har-
riman had been elected a director of the
Harriman National bank at Fifth avenue
and Forty-fourth street and that a few
days ago he was selected as director of
the Union Pacific railroad, the medium
of many of his father's triumphs.
Cornelius Vanderbilt also was elected a
member of the board of the Harriman
bank yesterday.

DECLARES DAMAGE IS DONE BY BIG MINE

OROVILLE, March 7.—A suit for \$25,-

against the Security Investment
Company by the Security Investment
Company of San Francisco. The com-
pany alleged that its large orange and
olive groves near Oroville have been
damaged by reason of the fact that
debts from the Security company has
filled up the creek from which the com-
pany derived water for an irrigation sys-
tem that covered its entire orange and
olive holdings.

neys, writes: "All remedies failed until
I used Electric Bitters, but four bottles
of this wonderful remedy cured me com-

CONVICTED LEADER IS RE-ELECTED

Frank M. Ryan Again Named
Head of Structural Iron
Workers.

INDIANAPOLIS, March 7.—Frank M.
Ryan of Chicago, one of the labor leaders
convicted in the "dynamite conspiracy"
trial here, was re-elected president of
the International Association of Bridge
and Structural Iron Workers at its ses-
sion yesterday.
Other officers elected at the session,
which was held behind closed doors,
were:
Harry Jones, New York, secretary-
treasurer, succeeding Herbert S. Hookin,
who is now serving six years in the fed-
eral penitentiary at Fort Leavenworth,
Kan., for his part in the dynamite con-
spiracy; James E. McClory of Cleveland,
who has been acting secretary-treasurer.

first vice-president, and P. J. Morris, St.
Louis, second vice-president.

The executive board will be composed
of Patrick Vaughn, San Francisco; John
A. Johnson, Newark, N. J.; D. J. O'Shea,
Niagara Falls, N. Y.; and Frank McKin-
ney of Globe, Ariz. Ryan was opposed
for re-election by J. D. Barnes of San
Francisco, but the vote was not an-
nounced.

COUNTY LIBRARIAN TO MAKE TOUR OF WORLD

During the absence of Miss Mary Barn-
by, county librarian of the Oakland Pub-
lic Library, who will make a tour of the
world with her sister, Dr. Martha Barnby
of Berkeley, Miss Jean Baird, assistant
county librarian, will fill the vacancy.

Miss Barnby will make a study of li-
brary conditions abroad and will, if they
are practical, make use of the new meth-
ods in her department upon her return
home.

According to latest reports, the county
library division has shown remarkable
growth in its short career. There are
branch libraries in the suburban cities,
which have become very popular. In
Alameda and Newark rooms have been
recently secured for library use. San
Lorenzo will soon have commodious quar-
ters for a reading apartment.

MANIAC SHOOTS WIFE AND THEN KILLS SELF

REBELS STILL MOBILIZING IN MEXICO

Colorado to Remain at Guaymas as Protection to Americans.

Bandits Pillage Countryside Around Acapulco; People in Panic.

DOUGLAS, Ariz., March 7.—With Huerta troops evidently in control at Guaymas on the California gulf, the constitutional rebels continue mobilization today at Hermosillo. The Southern Pacific railroad wires below the border are censored both by the federalists at the gulf ports and the rebels at the state capital. It appears that the telegraph was not cut but only temporarily grounded for the service of the censors.

A wireless message today from the United States cruiser Colorado at Guaymas said that the railway remains open to the south and that tri-weekly trains are being run by the government. The Colorado, it is asserted, will remain at the port, where a large American colony is located.

SONORA IS DEFIANT.

WASHINGTON, March 7.—Sonora, one of the northern border states of Mexico, continues in a defiant attitude toward the Huerta government. Louis Hostetter, the American consul at Hermosillo, reports considerable excitement there. Rebels have been attacking Acapulco, pillaging the countryside. They demand a large money payment for surrendering their arms. An armed band which appeared in Acapulco spread panic through a theater and many persons fleeing from the building and other public buildings were injured.

TREVINO REMAINS LOYAL.

MONTREY, Mexico, March 7.—General Gerardo Trevino, provisional governor of the state of Leon, received a telegram today from Carranza, rebel governor of Coahuila, inviting him to join in the revolution against the new administration. Governor Trevino expressed indignation when he received the letter and refused to reply. He afterward issued a statement declaring emphatically his loyalty to the Huerta government.

"I will never be disloyal to the legal government of Mexico," he said. This appears to put an end to rumors that Trevino was inclined to join in the revolt because of the killing of the late President Francisco Madero, who was his kinsman by marriage.

REBELS ARE PRISONERS.

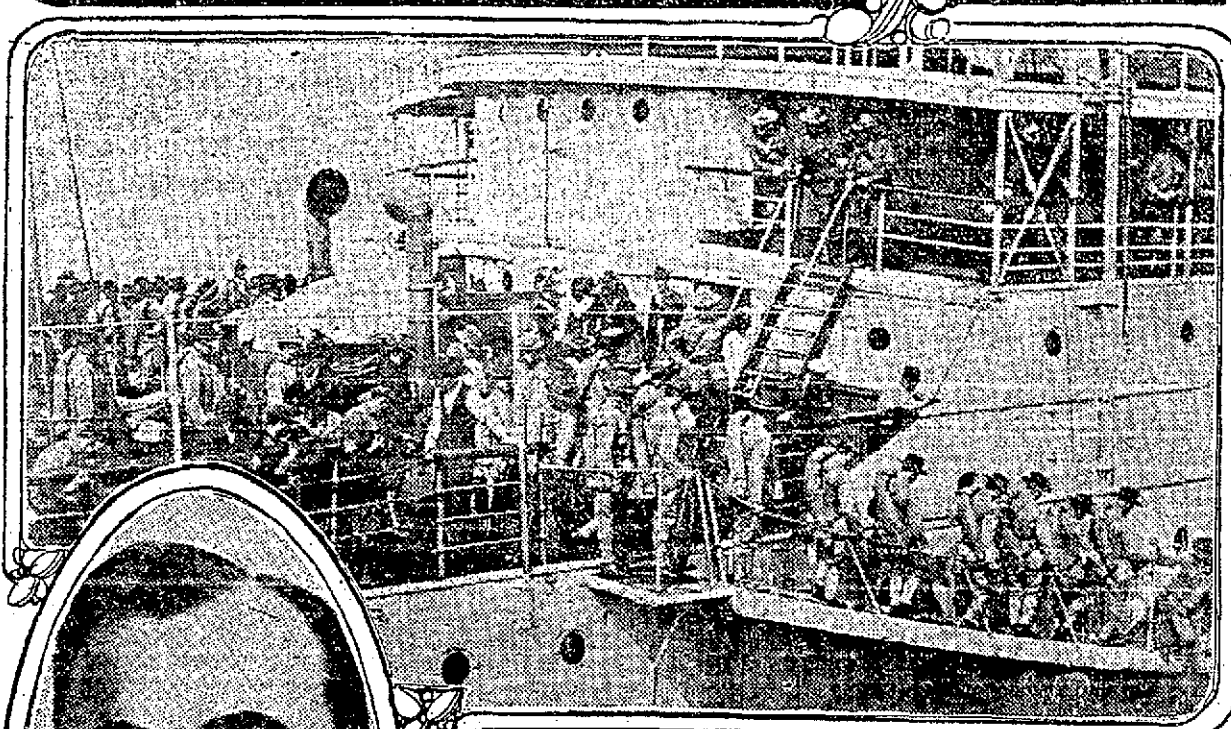

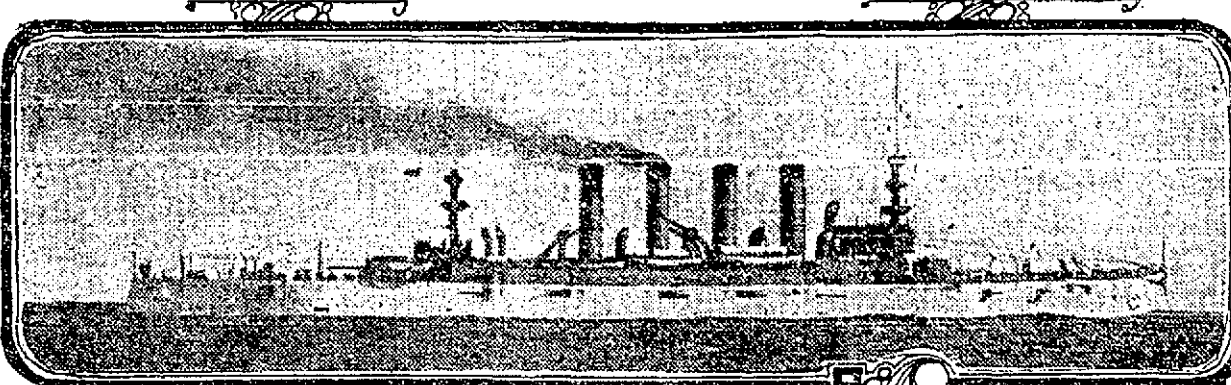

SAN LUIS POTOSI, Mexico, March 7.—Eighteen rebel prisoners, including Miguel Acosta, treasurer for Francisco Madero during a previous revolution, were brought here today from the north. Acosta rebelled in response to a call from Carranza, but was captured by Colonel Barbosa and a detachment of federal troops. During his brief career as a follower of Carranza, he succeeded in raising 15,000 pesos to assist the Carranza campaign.

SURRENDERS TO HUERTA.

MEXICO CITY, March 7.—Rafael Tapia, an officer of the rural guards who took the field against Huerta after the death of Madero, surrendered to the government authorities today at Guadalupe-Hidalgo, where the treaty of peace between Mexico and the United States was concluded in 1848.

Rafael Tapia was formerly chief of the rural guards in the state of Vera Cruz. His decision to surrender is regarded as a great advantage for the government because of his popularity in the southeastern states. News reached here today that a majority of the members of the legislature of Coahuila have signed a proclamation favoring the rebel governor Carranza and entreating the citizens of the state to join

ILLUSTRATING THE SITUATION ON BOTH SIDES OF THE MEXICAN BORDER. AT TOP IS U. S. S. COLORADO, NOW IN HARBOR AT GUAYMAS, WHICH MAY BE CALLED ON TO PROTECT AMERICANS IN CASE HUERTA'S TROOPS AND SONORA'S REBELS COME INTO CONFLICT. THE MIDDLE PICTURE IS THAT OF UNITED STATES TROOPS LANDING FROM A VESSEL AT GALVESTON. BELOW IS LOUIS HOSTETTER, AMERICAN CONSUL AT HERMOSILLO.

le la Barra declared that he favored abolishing the office of vice-president. He said that the history of the last few years showed that this office was responsible for much of the trouble in the country.

From private sources it would appear that a project is under foot, under the auspices of Jose Maytorena, ex-governor of Sonora, working in conjunction with the Maderistas, to declare the capital of the republic established in Lower California and endeavor to recover control from the present administration.

President Huerta, after conferring with the war minister, General Morfogan, decided last night to give Venustiano Carranza, the rebel governor of Coahuila, 48 hours from the time of receipt of the notification, to surrender. If Carranza fails to surrender the campaign against him will begin in earnest.

The division under process of organization by General Sarda Aguilar, composed of 10,000 men, will be held in reserve in the capital for the present and will be launched against Carranza when needed. This division consists of three classes of arms and will be ready to move within a short time.

The minister of finance, Eniquel Obregon, is expected to submit tomorrow an amendment to the loan measure now before Congress asking for an additional thirty million pesos, bringing the total amount of the foreign and domestic loan up to 150,000,000 pesos. The minister asks for a free hand in negotiating the loan.

GUAYMAS IS QUIET.

SAN DIEGO, March 7.—A wireless message received last night from the flagship Colorado at Guaymas reports that all is quiet there and that the situation at the other ports at which vessels of Admiral Southernland's fleet are stationed has undergone no change. The message gives no inkling as to the length of time the Colorado may remain at Guaymas.

STATE CONTROL OF LAKE IS URGED

The Conservation Commission Warns Governor Against Reclamation Project.

Private Interests Also Feared; Would Determine Rights.

SACRAMENTO, March 7.—That every effort to protect the waters of Lake Tahoe against the United States reclamation service, which has an ambitious irrigation project in Nevada, and private interests, is urged by the conservation commission in its first report to Governor Johnson, just off the State printing presses.

After touching on the situation at Lake Tahoe in outline, the report says: "The conservation commission, therefore, recommends as strongly as it can that this State bring suit, before the Supreme Court of the United States against the State of Nevada to have the waters of Lake Tahoe equitably apportioned to and between the two states, so that, by prescription or otherwise, the people of California may not be deprived of their present just, legal, equitable and proper share in the waters of the lake."

URGE STATE CONTROL.

The commission recommends also, "that the State take all possible steps for the ousting of private parties from the control of the dam at the source of the Truckee river, and that it assume the maintenance and operation of the dam." All through the report is emphasized the necessity of creating some body with power to determine power and water rights and thus bring to the end much litigation that has heretofore delayed development. The creation of this body is provided for in bills before the Legislature.

The power possibilities of California are given as 5,000,000 horsepower, equal to that which could be generated by 100,000,000 tons of coal annually, or yearly expense of \$1,000,000,000. Approximately 250,000 horsepower has been developed. A big portion of the report is devoted to irrigation, its development and possibilities in California and is accompanied by a map which shows the irrigated area and the irrigable area of the State.

Veteran Motorman Killed in Collision

One of Edison's First Trolley Pupils Meets Tragic Death.

SUNBURY, Pa., March 7.—William Crist, one of the first motormen to operate an electric car, was killed here yesterday in a collision between his car and a draft of Pennsylvania railroad freight cars on the Sunbury and Northumberland trolley line. Roy Maurey, a brakeman of the train crew, was fatally injured. Crist helped to build the trolley line 20 years ago. He was taught how to run a car by Thomas A. Edison when Edison was installing the first electric light plant at Sunbury 28 years ago.

ATTACKS BROTHER-IN-LAW WITH CLUBBED REVOLVER

Berkeleyan Goes Suddenly Insane in Home; Wife May Live

BERKELEY, March 7.—In a fit of insanity Peter Verkest shot his wife last evening at their home, 1123 Cedar street. When Charles Van Hulle, her brother, intervened, Verkest fired twice at him, missed and then laid open his scalp with the butt end of the revolver. Running from the room the madman secured a razor and cut his throat, dying instantly. At the Roosevelt Hospital this noon it was stated Mrs. Verkest would live. Van Hulle's wound was not serious.

Van Hulle is the proprietor of a furniture store on University avenue, near San Pablo avenue, where he employed his brother-in-law, the suicide, an expert carpet-layer. The Verkest had been married eighteen years and had no children. Verkest was 42 years of age; his wife is four years younger. For the past two weeks, according to Van Hulle, Verkest has been despondent without any apparent reason, and for the last four or five days has shown signs of mental irregularity. This had not been considered of a dangerous turn, either by Mrs. Verkest or her brother.

Tuesday Verkest declared to Van Hulle that he was not feeling well and that he would like to have a few days off work, which Van Hulle allowed him. Work coming in which necessitated Verkest's attention, Van Hulle went to the Verkest residence last evening. After securing a promise from Verkest to return to work, Van Hulle started to leave the kitchen of the house where the three had been seated.

BEGINS SHOOTING.

At that moment Verkest drew a revolver from the pocket of his coat and, without warning, opened fire upon his wife, who had risen and was standing by a table a few feet away. The bullet grazed the woman's head, and Verkest fired again, wounding her in the neck, as Van Hulle turned and rushed between them. Stepping to one side Verkest fired again at his wife, striking her in the back as she was running out upon a little porch at the rear of the cottage. Van Hulle grappled at this moment with his brother-in-law. Verkest fired twice in an effort to wound him, but Van Hulle had pinioned the man's arms so that he could not aim the weapon. He snapped the trigger a third time and found the weapon empty. Breaking away from Van Hulle's grasp Verkest beat him over the head with his clubbed revolver, finally bearing him to the floor.

SLASHES THROAT.

As Van Hulle was striving to rise to his feet Verkest rushed from the room. In a bedroom he secured a razor from his bureau drawer and slashed himself several times across the throat, severing the jugular vein. Verkest was dead by the time Van Hulle, weak from loss of blood, had dragged himself into the chamber.

Neighbors terrified by the shooting notified the police. Chief Vollmer and Patrolmen Penning and Jones went to the place in the ambulance, removing Mrs. Verkest and her brother to Roosevelt Hospital. "My brother-in-law was evidently insane," declared Van Hulle this morning. "I thought something was wrong Tuesday when he came to me and asked to take a couple of days off. He was not a drinking man so I was more surprised at his rather strange actions. I didn't think he would do anything like this. There had been no quarrel between him and my wife for years that amounted to anything, and they had not been quarreling when I went there yesterday evening. He was very good with me when I spoke to him but his attack on my sister came wholly as a surprise. I did not even know he had his revolver with him."

Raid Millionaire's Home And Confiscate Opium

Drug Hidden in House by Chinese Servant; Woman Implicated.

LOS ANGELES, March 7.—The home of Captain Alfred Larsen, millionaire oil operator, was the scene of a sensational raid by the police, as a result of which Chung Moy, a Chinese cook, and Miss Phanie Earl, a young American woman, were in the custody today of the city authorities, who also confiscated a large quantity of opium.

Captain Larsen, accompanied by his family, is now on a tour of Europe. He has left his residence in a fashionable district in charge of servants, one of whom was Moy. It was alleged that Moy utilized the house as an opium den. Quantities of opium were found in the quarters occupied by Moy and in the apartments of the young woman in a downtown hotel. Alleged confessions by the prisoners implicated several other persons and revealed the cache of hundreds of tins of opium. It was said.

Society

HIS seems to be a season of unrest, or at least a desire for change. The "wandering foot" has become epidemic among society folk, who are starting out every day for the far corners of the earth or returning from them. Or is it that the far corners have become so much nearer? Improved facilities have made it so easy to travel a few thousand miles that distances no longer inspire the respect in which they were once held. So every day we see friends starting out to girdle the globe, or take a run to the South Seas, or a jaunt in Europe.

Social affairs are being offered every day in compliment to those who are departing. A number of affairs recently past or in prospect have been in honor of Mrs. Donahue of San Francisco, who with her husband, is soon to start for the Far East. Mrs. Donahue has scores of friends on this side who are meeting her at farewell affairs. Mrs. M. Louise Woolley entertained about a score of matrons yesterday at a charming affair in honor of the traveler. Fruit blossoms and other bright-hued spring flowers made an attractive setting for the handsomely gowned hostess and her guests, among who were: Mrs. Tyler Henshaw, Mrs. Louise Allender, Mrs. Giles Nelson, Mrs. Percy Walker, Mrs. Joseph Kelly, Mrs. DeVore McLane, Mrs. Egbert Stone, Mrs. William Timson, Mrs. James Pym Neville.

AFFAIRS FOR MATRON.

Mrs. William Timson was hostess today across the bay at a luncheon in compliment to Mrs. Donahue, who will soon leave for a trip of several months to the East. A number of the society matrons from this side who attended Mrs. Woolley's bridge yesterday crossed for the delightful affair. Mrs. Giles Nelson will entertain about a dozen of the society coterie of congenial friends at a luncheon and bridge next Monday.

DANCING PARTY PLANNED.

In honor of Miss Katherine Havens, the charming Chicago girl, who is now in Honolulu with Mr. and Mrs. Sumner Loop of Alameda, Mrs. Ernest Porter is planning a dancing party at her home in Berkeley on the evening of March 22. Miss Havens and her father, A. E. Havens, have been the house guests of the Porters for several months, and left about three weeks ago for a trip to the islands. The fair visitor has been the recipient of a round of entertaining during her stay here and in Honolulu. The party will sail from Honolulu today on the return trip.

SOON TO RETURN.

Mrs. Wickham Havens, Mrs. Edward Knes, Mrs. Penberthy and Miss Knes, who left about three weeks ago, will return to the bay cities Wednesday. During their absence they spent a large part of the time in New York, where they were much entertained. Mrs. Havens will give a series of affairs after Easter.

POST-LENTEN BRIDGE.

Cards will soon be sent out by Miss Pusey Creed for a large bridge party after Easter in honor of Miss Madeline Clay, one of the most noted of the spring brides-elect. A large number of the affairs being planned for the near future are in compliment to Miss Clay, who frequently shares the honors with Miss Grace Downey, another charming engaged girl.

INVITATIONS RECALLED.

The invitations sent out by Miss Greenwood Woodward for a bridge party on March 22 have been recalled on account of the death of Ronald McCullough, the fiancé of Miss Triscilla Hall. Miss Hall was to have been Miss Woodward's guest of honor.

LARGE BRIDGE PARTY.

Mrs. Charles Frederick Smith, Mrs. A. A. Long and Miss Carrie Nicholson are sending out cards for an elaborate bridge party at the Hotel Oakland on the afternoon of March 13. More than one hundred guests have been bidden to the affair, society folk from both sides of the bay being included in the invitations.

LUNCHEON AT HOME CLUB.

Mrs. F. G. Ames and Mrs. James Tallman have sent out about eighty cards for a luncheon at the Home Club next Saturday afternoon. The affair will be elaborately carried out in every detail.

and the decorations will emphasize the note of spring. Bridge will be the diversion.

LUNCHEON MONDAY.

Mrs. Louis Ghirardelli will be hostess Monday afternoon at the Hotel Oakland, entertaining a group of matrons with an informal luncheon. Bridge will complete the afternoon's pleasure. Mrs. Ghirardelli has been giving a series of these delightful affairs.

READING OF INTEREST.

A reading of "Lady Patricia," a comedy by Bessie, will be offered by Mrs. Maude Russell Robbins on Friday afternoon, March 14. It will take place in Mowbray Hall, Piedmont. Mrs. Robbins' work is well known here and her interpretations are heard with interest.

DANCE TONIGHT.

One of the jolly informal affairs at which a number of the belles and beaux of local society have been amusing themselves during the season will take place tonight at the Horton school, when the younger set will gather to tread the mazurka of the dance. Mrs. John Randolph Parrell, Mrs. Oliver S. Orwick and Mrs. A. C. Posey are the patronesses of the gay affairs, which include a number of the members of the younger set whose homes are in and about Vernon Heights. Some of the buds and debutantes who attend the dances are: Miss Marie McHenry, Miss Myra Hall, Miss Lilla Marshall, Miss Helen Coogan, Miss Marjorie Coogan, Miss Irene Farrell, Miss Cleo Posey, Miss Dorothy Taylor, Miss Lella Kenney, Miss Phyllis Lovell, Miss Bina Moseley, Miss Helen Acker, Miss Dorothy Capwell and a number of others.

BRIDGE THIS AFTERNOON.

Miss Elsie Farnum was hostess at a bridge this afternoon, entertaining in honor of three attractive brides-elect of the spring season, Miss Emily Harrold, Miss Madeline Clay and Miss Grace Downey. Golden daffodils and other rich-hued blossoms gave a springlike air to the hospitable Farnum home. About sixteen of the buds and belles were present at the delightful affair, among them Miss Dorothy Taylor, Miss Cleo Posey, Miss Luella Mauvais, Miss Alice Shinn, Miss Effie Smiley, Miss Bessie Smiley, Miss Doris Badgley, Mrs. Charles Pirebaugh, Mrs. Harold Baxter, Mrs. Frederick Farnum and Mrs. Jack Van Sicken.

CLUB MEMBERS TONIGHT.

Mrs. Edgar L. Dow will entertain the members of the Linda Vista Club tonight at a bridge party, followed by supper. About a score of neighbors of the Linda Vista district make up the membership of the club, including Mr. and Mrs. Samuel J. Taylor, Mr. and Mrs. E. M. Walsh, Mr. and Mrs. T. C. Coogan, Mr. and Mrs. F. M. Butler, Mr. and Mrs. W. A. House, Mr. and Mrs. J. F. Higgins, Mr. and Mrs. E. S. Hubbard, Mr. and Mrs. Sam Breck.

LUNCHEON TODAY.

Mrs. William Westphal entertained the members of one of the smaller card clubs at a delightful luncheon at the Hotel Oakland today. Rich yellow daffodils and festively arranged decks the luncheon table and bridge was the diversion of the afternoon hours. Among those who shared Mrs. Westphal's hospitality were Mrs. Leon Malson, Mrs. Walter Booth, Mrs. Harry Blahop, Mrs. H. C. Faghorn, Mrs. E. J. Henderson, Mrs. J. A. Jackson, Mrs. J. C. Downey and Miss Annie Jackson.

AT THE RECITAL.

Handsomely gowned society women and their husbands and escorts filled the ivory ballroom at the Hotel Oakland last night to hear Brahms and Lowther's sons recital. The patroness list comprised the names of most of the society leaders of the local set, and smart folk of the four hundred were in the audience. Among those who were present were Mrs. Charles Adams and her three charming daughters, and the following: Mr. and Mrs. William Thornton White, Mrs. J.

E. McElrath, Mr. and Mrs. Paul Havens, Miss Elsie Marwede, Mr. and Mrs. A. S. MacDonald, Dr. and Mrs. Brazzleton, Mr. and Mrs. Edson T. Adams, Mr. and Mrs. Philip E. Bowles, Mr. and Mrs. Frank Lamson, Mr. and Mrs. Clement C. Clay, Mr. and Mrs. Philip T. Clay, Mr. and Mrs. George J. Donovan, Mr. and Mrs. George D. Greenwood, Mr. and Mrs. Frank C. Havens, Mr. and Mrs. William C. Henshaw, Mr. and Mrs. John L. Howard, Mr. and Mrs. George C. Jensen, Mr. and Mrs. Willis Kelly, Mr. and Mrs. Harry J. Knowles, Mr. and Mrs. Oscar Long, Mr. and Mrs. Victor Edmett, Mr. and Mrs. James K. Moffitt, Mr. and Mrs. Henry D. Nichols, Mr. and Mrs. Frank Hunt, Mr. and Mrs. Bernard Ransome, Mr. and Mrs. Mark Requa, Mr. and Mrs. Dennis Seaford, Mr. and Mrs. Fred B. Sherman, Mr. and Mrs. H. H. Shorwood, Mr. and Mrs. Harry Holmes Smith, Mr. and Mrs. H. Spens-Black, Mr. and Mrs. Ernest A. Stent, Mr. and Mrs. Robert Lee Stephenson, Mr. and Mrs. Oscar Suro, Mr. and Mrs. William Hinkley Taylor, Mr. and Mrs. Hayward G. Thomas, Mr. and Mrs. Clinton Walker, Mr. and Mrs. A. L. White, Mr. and Mrs. Charles B. Wingate, Mr. and Mrs. Thomas H. Winslow.

ENGAGED GIRL HONORED.

Miss Elleen Van Felt, who recently announced her engagement to R. Blaedel-Bernard, has been given many complimentary affairs recently. She was the honored guest at a delightful dance given by Miss Elsie Meriwether at her home in Fourth Avenue Heights Saturday evening, and was also complimented at an affair at which Mrs. Sam Bell Clark was hostess last evening at her home. Many other affairs are being planned for her.

WEDDING LAST NIGHT.

Mrs. Ida Webster-Hatch of Berkeley and Thomas H. Bunakin were wedded last night at the home of the bride's parents in Webster street, Berkeley, in the presence of a few relatives and friends. Rev. Connors read the ceremony. The wedding was a surprise to the friends of the bride and groom. The bride was charmingly gowned in grey tulle and carried a bouquet of white flowers. Mr. and Mrs. Dunakin left for the southern part of the state for a honeymoon trip. Dunakin is a well-known contractor and builder of Oakland.

FATHER AND SON WILL DIE, SAYS GOVERNOR

RICHMOND, Va., March 7.—Floyd Allen, leader of the outlaw band in Carroll county, and his son, Claude Swanson Allen, will be electrocuted in the state penitentiary March 28 for their part in the Hillside court murder March 14, 1912. Governor Mann refused to commute the sentences to life imprisonment.

WIDOW TO SUE.

CHICO, March 7.—The coroner's jury in the case of John Tavers, who was electrocuted on the Victor dredge on the Feather river Tuesday, returned a verdict that death was the result of carelessness or the part of the company in not having the current turned off while repairs were being made. On the strength of this verdict the company is liable for \$25,000 damages. The O.R. Water, Light and Power Company being defendant.

WOMEN IN THE NEWS
SOCIETY WOMAN
STRICKEN BY
APOPLEXY

Mrs. Levi Z. Leiter, Washington Leader of Smart Set, Passes Away.

WASHINGTON, March 7.—Mrs. Levi Z. Leiter, widow of the former Chicago merchant, and for years prominent in Washington society, died at her home here yesterday of apoplexy. She was stricken while at luncheon at 1 o'clock yesterday afternoon and died in a few minutes. Mrs. Leiter had not been well for some time and had been confined to her apartments for about two weeks.

The only persons present when the end came were the family physician, a trained nurse and the old family servant. Mr. and Mrs. Joseph Leiter, son and daughter-in-law, Mrs. Leiter, who resides at their country place in Virginia, were apprised by telephone of Mrs. Leiter's death and left immediately for Washington, arriving here last night.

Funeral arrangements will not be made until the wishes of members of the Leiter family, who are in Europe, are heard from. They are Mrs. Colin C. Campbell, wife of Colonel Campbell of the British army, and Lady Suffolk, daughters of Mrs. Leiter, and Lord Curzon. A cablegram was sent yesterday advising them of Mrs. Leiter's death.

Mrs. Leiter was Mary Theresa Carver, daughter of Benjamin Carver, a descendant of John Carver, first president of Plymouth colony. She was the mother of four children, one of whom was Mary Victoria Leiter, who was married to Lord Curzon of Kedleston, former Viceroy of India.

Since she came to the national capital in 1883 to reside Mrs. Leiter had taken prominent part in social affairs here. Her magnificent residence on Du Pont Circle was well adapted to entertaining, and some of Washington's notable social functions took place there. The marriage of Miss Victoria Leiter to Lord Curzon, afterward Viceroy of India, occurred at the Leiter residence.

Liar, Says Wife

RENO, March 7.—Robert Higginbottom, formerly a government employee of San Francisco, was called a liar by his wife as he testified in Judge Harwood's court yesterday. Higginbottom has sued for annulment of his marriage to Miss Iseldier of San Francisco December 9, 1910, on the ground that he was forced by her three brothers to marry. His wife, Lillian M. Higginbottom, filed a cross complaint asking a divorce and alimony and seeking to force Higginbottom to acknowledge the paternity of her 2-year-old son born in September, 1910. This Higginbottom refused to do, saying that the child was not his. He admits having known his wife four years before the marriage and having seen her several times a week whenever he was in San Francisco. He was shown pictures of the baby and refused to see a resemblance to himself.

He told the court Mrs. Higginbottom's brothers shot at him through a window and he was afraid to disobey their demand that he marry her. "Excuse me, but he's lying," shouted his wife.

The marriage was at 751 Page street in Mrs. Annie M. Tails' rooming house and Mrs. Higginbottom had at once and never lived with the plaintiff.

The case was submitted.

Tells Engagement

CHICAGO, March 7.—Announcement is made by Mrs. Paul D. Webster of San Francisco of the engagement of her daughter, Mabel Estelle, to Captain Edward Seymour Malton, quartermaster, U. S. A., son of Mr. and Mrs. Seymour Walton of this city. The wedding is to be in April.

YOUNG GIRLS OF TODAY

By LILLIAN RUSSELL

Copyright, 1913, by Lillian Russell.

A SENSE of humor is a most comforting thing to possess. But in young girls it should be guarded, because they are not sufficiently cultivated to discriminate. An incident I have in mind occurred in a street car. There were but few passengers, an elderly woman entered, much bowed about by the severe wind. One of our up-to-date young girls seemed to find so much to amuse her in the stray locks of the elderly lady and the awkward adjustment of her hat that she could not control herself. Her laughter caused every one to observe her. This was unfortunate, for instantly the laugh was turned on her, as she had probably dressed in a darkened room. She had used some liquid powder upon her face which had, from some chemical or other cause, dried in streaks. And she was a disgraceful exhibition of misplaced intelligence.

It is a great mistake to laugh at the discomfiture of a woman, but when the laugh comes from some ignorant little piece of humanity, who knows nothing more than what she sees and thinks no deeper than her desires, it is quite sad and pitiful. One need not waste anger upon them, as they go to make up the nonentities of the world. Now if a real girl had been in the place of that painted and plastered one, instead of laughing at the little dishevelment of the dignified lady, she would have offered assistance at once, adjusted her hat and veil for her and found much pleasure and satisfaction in doing so. Remember, before you laugh at some one's discomfort, just put yourself for one second's thought in their place.

Answers to Queries

MRS. T. W.—I think olive oil is too heavy for the face and liable to cause a heavy growth of hair. Why don't you try massage treatments on your face? I am sure this will relieve the tired look. I shall be glad to send you a formula for a skin food which I have used for years, with complete instructions for facial massage.

A. E. S.—Electrolysis is safe, and it is the easiest and most effective way of removing superfluous hair when the growth is heavy. Be sure, however, that you get a reliable operator.

IVY—I am sorry, but I know nothing of the tonic you mention. I have

never used it and consequently can give you no information about it. Bayum is good for the hair. It excites the oil glands to action. Massage it into the scalp. If you will send me a stamped addressed envelope I shall be glad to send you a formula for a hair tonic that is excellent for dandruff, also complete instructions for scalp massage.

C. B.—Have you ever stopped to think that you might have some internal trouble that causes the puffy condition under your eyes and sallow complexion? Water is a good complexion clearer. I would also advise you to take olive oil each day or lemon juice as stated. The external trouble cannot be remedied permanently while the internal cause exists. Bathe the eyes each morning,

using an eye cup and massage gently underneath them. This will help remedy the circles. I would not advise you to use cocoa butter in preference to a skin food. It is too heavy, and is liable to cause a growth of hair. I shall send you a formula for your neck and formula for the skin food if you will send me a stamped addressed envelope.

MISS EDNA—Cocoa butter is not the same as coconut oil. They are two different articles. Both are good for rounding out the neck. Cocoa butter is good for developing the bust.

MATHILDE N.—An egg shampoo is nothing more than breaking two eggs over the head and then rubbing it thoroughly into the hair and scalp. Then shampoo the hair with a good soap jelly made of good white soap and water. I shall send you a shampoo that contains egg if you will send me a stamped addressed envelope. I shall also send you formula for removing superfluous hair.

was Miss Annie Douglas Graham, daughter by a former marriage of Mrs. Hubert Von. This is the fifth grandchild of Mr. and Mrs. George J. Gould. Their daughter, Lady Decies, gave birth to a girl last summer, and their eldest daughter, Mrs. Anthony J. Drexel Jr., has two children, a girl and a boy.

Plans Long Walk

WASHINGTON, March 7.—Miss Margaret Gold, who drove "Sufragette," the mule, in the suffragist pilgrims' hike from New York to this city, is planning to leave here March 15 for California. "Sufragette" will be the locomotive power. Miss Gold started from New York with \$1000, and expects to arrive in California about New Year with the same sum. On the way out she will sell postcards and deliver equal suffrage talks.

She Quit Stage

NEW YORK, March 7.—The referee's hearing to determine the legal residence of Walter Tathrop Hanson, the 22-year-old heir to a portion of the estate left by Mrs. Leland Stanford, brought out the fact that Mrs. Walter L. Hanson, in an effort to help her husband, who is with-

out work and without an allowance from his mother, has sacrificed the uncertain career of a vaudeville artist to a position in a department store in this city. The hearing was adjourned this noon until March 16 at 10 o'clock.

The hearing is a step in proceedings which began shortly after young Hanson's marriage to Miss Henriette Reuttl. This marriage, which Hanson's mother did not approve, widened the breach existing between Mrs. Hanson and her son. Having his allowance cut off, Hanson took steps, through his attorney, to recover a bequest from his father, which, according to the statement of his mother, he voluntarily resigned to her.

"SEVEN SISTERS" WILL BE FARCE AT STANFORD

STANFORD UNIVERSITY, March 7.—For the entertainment of those who stay over for Senior Week festivities this year the 1913 class will stage "Seven Sisters," the farce comedy used by Laurette Tracy in her two-season success. Playing privileges for the production have been secured by the senior committee. Within the next few days, the farce

committee, with the aid of a dramatic coach, will select the students who will take parts.

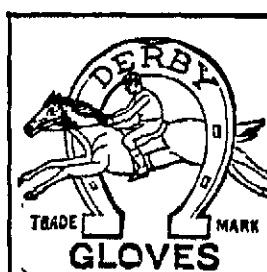

The committee follows: Miss Emily Coleman, Miss Florence Ober, Miss Marion Driscoll, Weston S. Wilson, James E. McInerney, Chauncey T. Keefe, James H. Forbes, chairman.

STATE ROADS WILL HAVE HISTORIC NAMES

SACRAMENTO, March 7.—Delegates from parlor of the Native Sons in Sacramento, El Dorado, Tuolumne, Placer, Nevada, Calaveras and other mountain counties will meet in Secretary of State Jordan's office Sunday to confer with State Engineer McClure regarding the plan to name the state roads after persons and places intimately associated with the state's early history. The invitations were sent out by Ed L. Head, Edward Lynch and John Clausen, the committee appointed by Sacramento Parlor No. 3. Among those who will be present are Senator E. S. Birdsell and George W. Armstrong of Auburn, W. J. Morris, Grass Valley, and O. P. Fitch of Placerville.

CHINESE PIGS IN JUNK A PUZZLE

Were Used as Ballast; Cannot Be Landed, Says the Law.

SAN FRANCISCO, March 7. — Among the perplexing questions confronting Collector Cornelius W. Pendleton of Los Angeles who is here conferring about the matter with Special Deputy Collector William B. Hamilton and Special Agent of the Treasury W. H. Hildwell, is how to land a cargo of Chinese pigs brought to San Pedro, the port of entry for Los Angeles, by the ancient Chinese junk Ning Po.

It may take a special order by President Wilson.

Foreign domestic animals can be landed at San Diego, San Francisco and Port Townsend. The Ning Po sailed from China with the pigs instead of crossing in ballast.

When it was learned that the swine could not come ashore at San Pedro many suggestions were made how to land them. Some favored bringing them to San Diego, while others thought they could be shipped to San Francisco in bond.

At the conference yesterday Special Deputy Collector Hamilton, who is an inspector and lives at the Fairmont hotel, recommended eating the pigs on board the junk and landing them that way.

BANQUET MENUS ARE WORK OF ART

City Hall in Gold Appears as the Centerpiece on Cover.

It remained for the committee of the Beer Bottlers' Board of Trade, which gave a banquet recently in conjunction with the Alameda County Soda and Mineral Water Bottlers' Board of Trade to design one of the neatest menu and program cards that has ever appeared on the festive boards of Oakland.

On the front of the program was a representation of the new city hall, done with gold, on a mother-of-pearl background. This was flanked by two miniature bottles of beer also in gold and the printing was in blue. The music program, which commenced with the "Star-Spangled Banner" and finished with "America," was light, printed with comets. The "Marsellaise" was also played by the orchestra and variations were the "Wacht Am Rhein" and "Alexander's Ragtime Band." The programs are in demand as souvenirs.

The officers of the beer men for 1915 are L. J. Slivers, president; Henry Wiekling, vice-president; George Kirchner, treasurer; L. A. Barker, secretary. The officers of the soda men: Lee Barnett, president; Jules Somps, vice-president; William Lang, treasurer; L. A. Barker, secretary.

Among those in attendance were: Colonel E. J. Slivers of the Buffalo Brewery Company of Sacramento, E. C. Roeder of the Sacramento Brewing Company of Sacramento, J. H. Harbottle of the Shasta Water Company, A. B. Kroenke of the Union Brewing and Malting Company, A. G. Taft of the Oakland box factory, W. R. Miller of the Cola sales agency, L. R. Levy, secretary of the California Beer Bottlers' State Board of Trade, L. J. Slivers of the John Wieland agency of Oakland, P. Mante and George Kirchner of Oakland, agency of Oakland, C. A. Alfs of the Golden West Brewing Company of Oakland, Lee Barnett of the Alameda Soda Water Company of Oakland, Jules Somps of the Imperial Soda Water Company of Oakland, Fred Westhead and Bert McClelland of the Enterprise agency of Oakland, Emil Heinrich, Carl Lind and R. K. Collins of the Buffalo Bottling Company of Oakland, Ed Freund and Ad Engel of the Oakland Brewing and Malting Company of Oakland, Henry Lichtig of the Tacoma Beer Company of Oakland, B. H. Barker, secretary of the two organizations.

LOCAL SCHOOLS MAY LOSE FUNDS

Newlands Would Cut Bay Cities Out of Extra Money Needed.

SACRAMENTO, March 7. — San Francisco, Alameda and Los Angeles counties will be heavy losers in the apportionment of State school money if either of two pending measures are passed by the Legislature, according to a comparative table issued yesterday by State Superintendent Hyatt at the request of the Assembly educational committee. In one case ten other counties and in the other case eleven other counties also would suffer losses by the proposed change.

The bills changing the present method of apportioning State school funds were introduced by Assemblyman Wray of Danville and by Assemblyman White of Weaverville and Senator Thompson of Los Angeles. The change outlined by Thompson and White is the plan devised by Mark Keppel, school superintendent of Los Angeles county.

Both innovations are aimed to give more aid to the country schools.

Hyatt's comparative table shows that if the Thompson-Keppel method had been followed in 1911-1912 San Francisco would have lost \$44,126; Alameda would have received \$32,801 less and Los Angeles \$69,972 less.

Had Assemblyman Wray's bill been a law, San Francisco would have received \$17,063 less, Alameda \$12,558 less and Los Angeles county \$27,065 less.

Other counties that would have lost under the Thompson-Keppel plan and the amounts are: Contra Costa, \$5633; Fresno, \$7107; Kings, \$1211; Orange, \$5212; Riverside, \$1491; Sacramento, \$1542; San Bernardino, \$4075; San Joaquin, \$23; Santa Clara, \$584; Santa Clara, \$9223; Stanislaus, \$558.

Under the Wray plan other counties that would have lost and the amounts are: Contra Costa, \$1080; Fresno, \$2784; Kings, \$446; Orange, \$2021; Riverside, \$595; Sacramento, \$532; San Bernardino, \$1590; San Joaquin, \$43; Santa Clara, \$333; Stanislaus, \$554.

Under the present law the apportionment of State school money is made partly on the number of teachers and partly on the average daily attendance. The law prescribes allowance of one teacher to every 25 units of average daily attendance, with a second teacher for the next 10 units. For every teacher allowed there is a direct apportionment of \$500. After the apportionment on the teacher basis is made, the remainder of the State funds is apportioned on the basis of the average daily attendance.

This law was enacted two years ago to rectify certain inequalities in the distribution of State school funds.

School Ma'ams Get Fireproof "Snipe" Basket

LOS ANGELES, March 7. — Fireproof baskets to catch the cigarette "snipes" thrown away by school ma'ams, were ordered for the city schools today by the Board of Education.

The young women teachers do not smoke in public as yet, but E. W. Frank, president of the school board, peering into the future in a speech delivered before that board, declared he was certain that within a short time it would not make pupils stare wide-eyed to see the teacher sitting at her desk puffing a cigarette. And it were well to be prepared, he said.

Frank advocated the purchase of fireproof baskets in order to protect the school buildings from the danger of fire arising out of the indiscriminate flipping away of the cigarette stubs by their users.

tribution of State school funds, as well as to put a premium on school attendance by increasing the use of the census of school children as a basis.

It is estimated that San Francisco lost about \$24,000 by the change two years ago.

Assemblyman Wray's bill (Assembly bill 27) proposes to increase the apportionment per teacher from \$500 to \$550. The remainder of the funds is to be apportioned on the basis of the proportional average daily attendance.

The Thompson-Keppel plan proposes an increase of the apportionment per teacher from \$500 to \$550, making no apportionment directly on average daily attendance.

ONE MISS WILSON TO BE THIRTEENTH

Next Bride of White House Must Flirt With Unlucky Number.

WASHINGTON, March 7. — Which one of the Misses Wilson will be the thirteenth White House bride, and thus carry on the lucky-number tradition in most pleasant manner?

Historians were busy today counting up the White House brides and rehearsing the glories of their nuptials. The last White House wedding, that of Mrs. Alice Roosevelt Longworth, is still fresh in the mind, and the others were: 1811—Lucy Payne Washington, sister of Mrs. Madison, to Judge Todd of Kentucky; 1812—Anna Todd, Mrs. Madison's cousin, and Representative John G. Jackson of Virginia; 1820—Marie Monroe, daughter of the president, to Lawrence Gouverneur, his secretary; 1826—John Adams, son of President John Quincy Adams, to his cousin, Helen Jackson; 1829—Della Lewis to Alphonse Yver Fagot, attaché of the French legation; 1836—Mary Easton, niece of President Jackson, to Lucien B. Polk, Emily Marlin to Lewis Randolph; 1842—Elizabeth Tyler, daughter of the president, to William Waller; 1874—Nelle Grant to Algernon Sartoris; 1878—Emily Platt, niece of President Hayes, to General Russell Hastings; 1888—President Grover Cleveland to Frances Folsom; 1906—Alice Roosevelt to Representative Nicholas Longworth.

It is now wondered which of the three Misses Wilson will be the thirteenth.

HAROLD BINNEY WEDS, IS WORD FROM N. Y.

Harold O. Binney, principal of the Binney-Winchell engagement of December last, has this time landed in the marital canoe, according to reports from the East. The bride is Miss Elsie Martin of Patterson, New Jersey. The news has been kept from the public since February 16, when the wedding took place.

Since his leaving for the East, it is said, after forgetting an appointment at the altar with Miss Elizabeth Winchell, he has gotten into the limelight by defying pursuit of the New York police, who sought him for breaking the speed limit.

Teaching Oakland after a transcontinental trip during which he had met Miss Winchell, he suddenly made up his mind to propose rather than take chances on having her forget him in San Francisco. She accepted him, but the wedding was never celebrated. Not only was the unfortunate Miss Winchell unsuccessful after a still hunt over the city for her belated bridegroom but the hotel authorities refused to permit her to have the elaborate trousseau that had been prepared for the occasion.

ANNIVERSARY OF QUEEN'S LANDING OBSERVED

LONDON, March 7. — Today was the fiftieth anniversary of the landing in Great Britain of Queen Mother Alexandra, then a Danish princess, in accordance with reports from the East. The occasion was marked by a royal banquet at the city of London, while the mayor of Windsor and the mayor of Marzetta offered their official congratulations.

Many members of the diplomatic corps called at Marlborough House in the course of the day.

ACTION TAKEN ON RAILROAD EVILS

Commission Responds to Various Complaints Filed With It.

SAN FRANCISCO, March 7.—Complaint was recently filed with the railroad commission alleging that the depot facilities at Shellville, Sonoma county, were inadequate. The Northwestern Pacific Railroad Company has arranged to remodel the depot at that point and provide proper waiting room facilities.

As the result of a complaint made to the railroad commission against a San Francisco warehouse, arrangements have been made by the Warehousemen's Association of San Francisco for a modification of its rulings which will benefit its patrons.

The rules of the warehouse provided for a minimum storage charge on each item of 15 cents per month. The warehousemen have been in the practice of construing this as separate items, portions of the same lot of goods if they were offered for storage on separate dates. Under the modification of this ruling, which has now been put into effect, the minimum charge will be assessed against each lot of goods as a whole. The goods placed in the warehouses will be regarded as single lots, unless the patron requires that a separate and distinct accounting be kept or where he requires a separate filing.

This modification of the rule will effect a saving to the warehouse patrons.

Hugh A. Boyle, owner of a water system at Tiburon, has filed a complaint with the railroad commission against the Belvedere Land and Water Company, charging that the Belvedere Land and Water Company has been extending its system and encroaching upon his business without obtaining the required authorization to enter the territory he serves.

The Great Western Power Company has applied to the railroad commission for a certificate of public convenience and necessity to serve Tiburon county and the city of Marysville with electricity.

SENATE CHOOSES METHODIST CHAPLAIN

WASHINGTON, March 7.—The Democratic Senate today chose the Rev. F. J. Proffitt, a Methodist, as chaplain to succeed the Rev. Ulysses G. B. Pierce of the Unitarian church, which Mr. Taft attended. President Wilson is a Presbyterian. After an ineffectual effort to elect a secretary the caucus recessed to a later hour.

GOVERNOR HOLDS THE WHIP HAND

Washington State Legislators Are Unable to Override Executive Vetoes.

OLYMPIA, Wash., March 7.—The session of the Legislature will expire by limitation next Thursday, hence only five working days after today remain. Governor Lister may kill any bill passed in the last five days of the session, by vetoing it after the Legislature adjourns. Hence there is pressure to pass today bills that the Governor opposes, so that if he vetoes them there will be a chance of passage over his veto.

In the fight between the Governor and the Legislature, the Governor's three vetoes still stand. The road appropriation bill, specifically where the State road levy shall be spent, is still in the Senate committee. It is thought Governor Lister intends to veto the Snoqualmie pass item of the bill. If the bill is held back until Monday, the Governor will have a free hand. The Governor, in spite of the adverse majority in both House and Senate, is joining with the Republicans against him—has thus far been master of the situation.

Governor Lister yesterday signed the "taxy husband" bill, which provides that a portion of the fines assessed against men convicted of failure to support their families shall go to the support of their wives and children.

The Governor also signed the bill prohibiting the publication of false or misleading advertisements.

One-Half of Chicago Butter Adulterated

CHICAGO, March 7.—One half the butter in cold storage in Chicago is adulterated in violation of the internal revenue laws, the adulteration consisting of water moisture in quantities of from 10 to 35 per cent of the actual weight of the butter, according to officials of the United States internal revenue department, following an exhaustive test of the Chicago butter supply, concluded today. Over 300,000 pounds of the product have been seized by the revenue agents because of the alleged unlawful process. Chicago, as the central butter market, has been under investigation by a corps of special internal revenue agents for several weeks. Since the inquiry began it is asserted that 20,000,000 pounds of butter has disappeared from the local warehouses.

NOBLEWOMAN PUT ON WITNESS STAND

Old Family Quarrel Is Cured in Court During the Trial.

SAN FRANCISCO, March 7.—While Countess Azalea Lewenhaupt-Falkenstein was giving her deposition yesterday as to why she considers she has a right to \$3000 worth of jewelry formerly owned by her aunt the late Mrs. Little Hastings de Onativia, her other aunt, Mrs. Clara L. Darling, who wants the jewelry, kept up a running fire of gestures and muttered comment. The countess before her first marriage was Miss Azalea Keyes of this city.

The gestures were the more expressive of the two, for the words hardly could be heard. But occasionally a rush of indignation overcame Mrs. Darling's caution and she quivered aloud:

"Oh, how can she tell such—Oh, did you ever hear such—?"

Then she subsided at a glance from Attorney A. J. Treat, who had already asked her to refrain from personal comment and indicated her feelings with a wave of her arms, and a shrug.

Meanwhile, the countess, apparently unaffected by her aunt's criticisms, told her side of the story of how she came into possession of her favorite aunt's jewelry, redeemed it from a pawn shop in Brussels and was keeping it because she believed it to be Mrs. de Onativia's wish that she should do so.

The main facts of this family quarrel, as brought out by the testimony and agreed on by both sides, are:

Little Hastings de Onativia, in straitened circumstances, died in a Brussels pension on March 25, 1910. At her bedside at the time of her death were Countess Falkenstein, then Azalea Hellman, her husband, Alfred Hellman, Mons, and Mrs. Drene and a nurse.

A short time before her death Mrs. de Onativia, for lack of money, had been forced to pawn diamonds and other jewelry for the sum of \$400.

The pawn tickets for this jewelry passed into the possession of the countess and a year later, having kept up the interest payments, she redeemed the jewelry and now has it in her possession.

Last Saturday Mrs. Darling took steps to enforce the return of the jewels to her as administratrix of the de Onativia estate, and as the Falkensteins are anxious to return to England, a deposition was arranged for so that they need not be present at the trial of the case.

But here all coincidence of the two parties as to the facts in the case ends. Mrs. Darling claimed in her deposition that she had repeatedly asked the countess for the jewels and had been told that she did not wish to give them up, but, would, in lieu of doing so, arrange for an annuity to more than the value of the jewels to be paid to Little Hastings de Onativia.

TAX CASES TO BE APPEALED

SACRAMENTO, March 7.—The state board of equalization, under the advice of the attorney general, has decided to appeal from the decision of Superior Judge Sturtevant of San Francisco involving three state franchise tax cases decided against the state and in favor of corporations.

The state won 40 of the cases, which were brought by companies in the endeavor to compel the state to refund taxes paid under tax amendment No. 1, separating state and county taxation.

In one case the Lake Tahoe & Navigation Company won. It involves \$5000 taxes paid under protest on the ground that the state had no right to tax the company's steamships on Lake Tahoe, which crosses the line into Nevada. The steamship line on the Pacific ocean and the claim was set forth that the state had no jurisdiction to levy taxes.

Another case is that of the Matson Navigation Company of San Francisco. The company operates steamers line on the Pacific ocean and the claim was set forth that the state had no jurisdiction to levy taxes.

The third is that of the Bank of California and involves \$7500 in taxes. The bank set forth the claim that it was being doubly taxed.

The total involved in the appeals is \$15,000. The state is not entitled to the money.

WILSON INVITED TO NOVEL PARADE

President May Be Guest at the "Turkey Trot" Procession.

WASHINGTON, March 7.—President Wilson already has begun to receive invitations to attend civic and state affairs. Thus far he has two such invitations, one from Louisville for October 13, and the second from Cuero, Texas, for the turkey trot parade there next November.

It is regarded as highly improbable that he will attend.

Governor James B. McCreary personally extended the invitation to the president of the battle of the Thames in Louisville. The celebration will be part of a general observance by 11 states of the dedication of the \$1,000,000 monument to Commodore Perry to be erected at Put-in-Bay.

Texas sent its invitation by Master Jack Howberton, who appeared at the White House in the uniform of a Boy Scout, accompanied by Senator Sheppard. The invitation was in the form of a turkey 10 feet high.

BARROWS TO SPEAK ON "MEXICO SINCE DIAZ"

SAN FRANCISCO, March 7.—Professor David P. Barrows of the University of California, who has made a special study of Mexican politics and government, will give a talk on "Mexico Since Diaz" at the Commonwealth Club luncheon tomorrow at 12:30 o'clock at the Palace Hotel. Professor Barrows has been in Mexico several times recently and knows personally many of the leaders of Mexican politics.

At the regular monthly meeting of the club, which will be held on Wednesday, March 12, at 5:30 p. m., at the Hotel St. Francis, the topic of discussion will be "Legislation for Dependents." A review will be made of the pension and compensation bills, now pending before the State Legislature.

FAIL IN ATTEMPT TO WALK ACROSS BAY

SAN FRANCISCO, March 7.—This newly invented "water shoes" failed to sustain John Gross and Rupert Merkl in an attempt to walk across San Francisco bay this morning, when the two German inventors took a split second's start from the Folsom street wharf, where they made a start for Oakland at 11 o'clock.

Gross and Merkl were rescued from the water by a steam launch, which accompanied them and taken to Mission bay, where they made another start. The water was considerably smoother at this point.

The two men recently gave an exhibition of water-walking on Lake Taupo, N. Z. Last week they attempted to cross the Golden Gate, but gave it up on account of rough water.

San Francisco Society

SAN FRANCISCO, March 7.—Miss Edith Slack and her sister, Miss Ruth Slack, are among the popular girls of the younger set. Both the Slack sisters graduated from the University of California two springs previous. They went abroad directly following their graduation and have never made a formal debut, although they attend all the dances and assemblies.

Mrs. Eugene Gallio announces the engagement of her daughter, Miss Irene Marie Gallio, and Horace L. Hill, son of Mrs. Hill and the late Mr. Horace L. Hill.

The soft impeachment has been an open secret for the past year, but owing to the recent death of Mr. Hill and of Mr. Gallio, the bride-elect's father, the announcement was delayed. No arrangements have been made for the wedding as yet.

Miss Gallio has never made any formal debut, although with her brother, John Gallio, she "went out" extensively until plunged into mourning. Her intimates are Mrs. Rudolph Schilling, Mrs. Talbot Walker, Mrs. John Cheever Cowdin, Mrs. Dolly MacGavin Fry and Miss Marion Zelle. Her education, received at Miss Murtion's school, was supplemented by a tour abroad.

Mrs. Frank Levy will give up her apartments on Pine street and will spend several months at the Hotel Vendome, San Jose.

Dr. J. A. McLaughlin is to entertain in store for Mr. and Mrs. J. A. McLaughlin, a dinner party this evening at the Fairmont Hotel.

NO BILL PASSING FOR TWO WEEKS

Committee to Meet Before the Proposed Laws Are Acted Upon.

SACRAMENTO, March 7.—Committee work first is the program laid out for the last period of the bifurcated session of the Legislature, which will convene at the Capitol next Monday afternoon.

The first week of the session will be devoted almost exclusively to work in committees in the senate and the assembly. It is proposed to meet every day at 9 o'clock, adjourn at recess and devote the afternoon and night to threshing out bills in committee.

Serious bill passing probably will not engage the attention of the houses until the tenth day, when the special daily file containing two bills from each legislator will be taken up. Each member will have the right to bring up his bill, and bills on the special file will have the right of way.

GAMBLING PROBE HAS BEEN STARTED

Grand Jury Probes the Alleged Situation at Emeryville.

The grand jury investigating the Emeryville gambling situation and the recommendations of the supervisors regarding several positions in the court house, completed their work this morning and prepared to make their report. The jury adjourned about 3 o'clock, but what their recommendations will be it has been impossible to forecast.

The Emeryville investigation has occupied the time of the board for three weeks. Scores of witnesses have been called, many charges of residents that the Emeryville officials have been blinking at gambling violations have been looked into and a very complicated village brawl has been thoroughly gone into.

PACKY McFARLAND AND BRITTON MAKE WEIGHT

NEW YORK, March 7.—Packy McFarland and "Jack" Britton, light weights, who will fight ten rounds at Madison Square Garden tonight, met at the Garden this afternoon and weighed in at 137 pounds, as required. Both were under the stipulated weight—137 pounds.

YOUNG GIRL IS TERRIBLY BEATEN

Taken to S. F. Detention Hospital, Facing Charge of Insanity.

SAN FRANCISCO, March 7.—Her body a mass of bruises and black and blue spots and her mind dazed from the alleged inhuman treatment which had been accorded her, Asratulu Billo, a 16-year-old girl, is at the detention hospital charged with insanity on complaint of her brother Paolo. As the result of an investigation conducted by Superior Judge Van Nostrand and the insanity commissioners the young man was arrested last night by Detectives Bally and Bakulich and is in detention at the city prison.

The girl, who is exceedingly beautiful, was brought to this country from Italy four months ago and went to live at her brother's home, 563 Green street. Through an interpreter she told Judge Van Nostrand and Drs. McGuffigan and Lustig that every day she was sent out to seek employment. When she returned without finding anything to do she was beaten. Finally on Wednesday she claims her mother lost patience with her and took her to the detention hospital, where he told the authorities that she was crazy. Neighbors living near the Green street address, have declared that the beatings and screams of the girl had attracted their attention.

UNKNOWN AGED MAN COMMITS SUICIDE BY GAS

SAN FRANCISCO, March 7.—An aged man of evident refinement, who may have come from some eastern city, committed suicide this morning in a house at 1345 Gough street. He gave his name as J. Jackson when he hired a room on Wednesday and said he had been traveling about considerably. The only other remark made to the landlady was that he would be 74 years old if he lived to his next birthday. This morning he was found with a tube, attached to the gas jet, in his mouth and with the keyhole and cracks of his door stuffed. No papers which might lead to further identification were found on him.

SEEKS DIVORCE FROM MOTORMAN

SAN FRANCISCO, March 7.—Charging that her husband complained of her going to the theater with an escort and loudly upbraiding her companion although he himself had ceased to live with her, Mrs. Dora Erickson filed a divorce action today against Ernest Erickson, a motorman for the United Railroads.

ELECTROLIERS MAY BE ORDERED SOON

Applications for Lights Now in the Hands of Commissioner.

Electroliers for Sixteenth street, Eighteenth street and Fifteenth street were considered by the city council this morning. The matter came up with applications for the installation of various lines of electroliers.

The equipment would be placed by the property owners, while the electric current must be supplied by the municipality. The applications were referred to Commissioner of Public Health and Safety F. C. Turner to recommend whether the funds in the city treasury would be sufficient to meet the increase in the fiscal lighting bill. Turner explained that the electroliers should not be placed on Fifteenth street until Washington street should be opened up to the public to Fifteenth street.

George E. Randolph asked for permission to install electroliers in Sixteenth street from Market street to San Pablo avenue. Charles A. Sinclair notified the council that he would apply for a permit for Fifteenth street, from Washington to Jefferson street.

Colonel Theodore Gier explained that he wanted some electroliers in Eighteenth street.

TEXT BOOKS ADD \$6000 TO DEFICIT

Oakland School Funds Are Exhausted Through Purchase of Free Text Books.

An additional expenditure of over \$6000 was added to the deficit in Oakland school funds this year through the purchase of free text books, according to figures compiled by Secretary A. L. Hannaford of the board of education this morning. Nearly \$2000 will be spent at once.

When the supervisors adopted the school budget the free text book law had not been passed, and this difficulty was unforeseen. The state books are furnished free, but all others prescribed by the school course, and not printed by the state, must be purchased by the department, according to law. These additional books will cost over \$6000. They must be purchased at once as they are needed, and the law on this point is mandatory.

NEW HIGH SCHOOL SITE ASKED FOR

Oakland Improvement Club to Petition for Purchase in Residence Section.

At one of the most largely attended meetings in the history of the Down Town Improvement club, held last evening in Hotel Crollin, the proposed amendment to the by-laws to eliminate the word "improvement" from the club name was unanimously voted down and the name will remain as it was stated that so many clubs existed simply for the social side of life that the word "improvement" at once designated the purpose of the organization.

It was voted, upon suggestion of the executive committee, to enlarge that body to 17 instead of 14, at present.

Eight applicants for membership were elected.

The executive committee reported in favor of petitioning the board of education to abandon the present high school and remove the site to the residence section, and to discontinue the existing property and with the funds thus raised building nearer the center of the city. This suggestion by the executive committee was based upon the promise that in its present location the school building is retarding the commercial growth of the city. In this district, it was made known that contemplated improvements in the immediate vicinity, amounting to close to a million dollars, would be immediately carried forward provided the school was removed to a more central location.

The vote was referred back to the understanding that, if the present building be sold, the site be used for commercial purposes.

A proposition to change the dates of meetings was lost and the club will meet as heretofore on the first and third Thursday evenings.

Three propositions for electrically lighting the main streets from Twelfth to the water front were referred back to the lighting committee to select one plan and report its selection at the next meeting.

APPOINTS COMMITTEES.

Standing committees for the coming six months' term were appointed by President Aber as follows:

Executive committee—E. G. Ryker, chairman; J. H. Durns, D. Knappe, H. F. Seller, Fred S. Osgood, J. H. Lesser, H. L. Kemp, G. Hannan, W. W. Smith, E. C. Kayser, Charles A. Sinclair, and Harry Sorbieri.

Membership committee—Walter H. Henry, chairman; A. R. Doran, S. Kitchener, Roy R. Read, H. S. Berovich, Tim Dorgan, M. Jones, W. J. Culligan, S. J. Friedman, K. F. Williams, E. Bernstain, Al Woods, W. B. Standford, L. P. Curtis.

Finance committee—Ed E. Hesse, chairman; Frank Davidson, J. H. Ryker, J. H. Durns, and J. H. Lesser.

Publicity committee—Lee Bertillon, chairman; George W. Pitch and Irving Jones.

Conference committee—President L. Aber, Treasurer H. F. Seller, Secretary Edwin Stearns, Chairman E. G. Ryker, executive committee and Lee Bertillon, chairman of publicity committee.

Alameda County Civic association—D. Knappe, chairman; E. C. Kayser and August L. Gerhart.

At the next meeting the additional members of the executive committee, authorized by vote last evening, will be appointed.

HAS INVENTED CLOTH OF FIREPROOF TEXTURE

A sensational discovery and invention has been made by Karl Zell, a prominent business man, residing in Wiesbaden, Germany, who has invented a non-tearable, fire and gas proof cloth, which is soft, thoroughly pliable, and not heavy. Taking into consideration the amount of damage done by fire, it might save millions of dollars.

The Imperial patent office in Berlin has tested and patented it, pronouncing it as represented. A strong fire will not burn it. When the test was made the cloth started to smoke and turned brown, but the flames did not penetrate and it remained non-tearable.

It will probably prove valuable for making suits for firemen, and for protecting carrying beltings; in fact, its use and value will be unlimited. W. F. Grosskopf, sales manager for Kohler & Chase, is a brother-in-law of the inventor.

NO HEADSTONES UNDER CODICIL OF COLE WILL

The graves of three sisters of the deceased Cole Charles Cole, who died on February 15, 1913, will be without the headstones intended for them by the brother, because of the decision of Judge F. B. Osgood, who this morning declared the codicil attached to the Cole will to be illegal and not properly executed and therefore invalid. The headstones were intended for the graves of Julia A. Burnell of Wexford, Mich., Margaret Duell, Grand Traverse county, Michigan, and Carrie Bender.

In denying the admission of this codicil to probate with the will proper Judge Osgood held that it was written by a person other than the testator, was not attested by him. On petition for letters testamentary Vern Duell was granted the letters and appointed executor of the will. The estate is said to be less than \$10,000.

ANNOUNCES BAND CONCERT PROGRAM

Secretary of Park Commission Issues List of Sunday Selections.

Secretary Henry Vogt today announced the program for next Sunday's concert in Lakeside Park. The program will be given under the direction of Paul Steindorff and will commence at 2:30 p. m.

A program of Irish melodies will be given the following Sunday in honor of St. Patrick's day. Next Sunday's program follows:

March "Washington Grays" (Graf-fula) overture, "Morning Noon and Night in Vienna" (Von Suppe); waltz "Jolly Fellows" (Volstedt); trombone solo, "Meadow Lark Polka" (W. B. Barnes); Thomas Ingram, selection, "The Serenade" (Victor Herbert); overture, "Hungarian Lustspiel" (Keller-Bela); (a) "Celebrated Minute" (L. Bocherini); (b) "Paraphrase" (Austrian hymn (Godfrey); "Badinage" (Heiber); "Ballet Egyptian" (Lull-gini); "Glenn's Triumphal March" (T. P. Brooke); "America."

PLAN CITY STREET IMPROVEMENT

Width of Thoroughfare to Be Reduced That It May Be Uniform.

The park commission today adopted plans for reducing the width of the street east of Lake Merritt between Twelfth and Eighteenth streets to make the thoroughfare uniform. The width of the roadway will be reduced 15 feet and the extra area will be parked.

Secretary Henry Vogt was authorized to advertise for bids for the sidewalk to be laid between Twelfth and Eighteenth streets.

Protest was entered by Mrs. Comfort and Mrs. Spencer against the planting of eucalyptus trees in front of the homes on the shores of the lake. Hearing of the protest was laid over till the return of Walter G. Manual, the park director in whose district the protest lies.

IMPROVED RAILROAD SERVICE TO BE URGED

Better service between San Jose and Bay City points, and between Oakland and Vallejo Junction will be urged at the open meeting of the railroad and transportation committee of the Chamber of Commerce, to take place Monday morning at the chamber headquarters. The committee will also consider any suggestion made by citizens regarding better railroad service.

The committee is composed of H. K. Jackson, A. H. Irving, A. Jones, Dr. George C. Fardean and C. J. Heeseman.

CITY EMPLOYEE'S RESIGNATION ACCEPTED

Frank Hanley, for many years a city employee, tendered his resignation yesterday as clerk in the street department and the resignation was immediately accepted.

BURGLARIES REPORTED.

Skeleton keys were used by a burglar who entered the Hermosa apartments at Sixteenth and Grove streets last night. The rooms of J. W. Galt were entered and a suit of clothes and \$7 in coin taken. The loss was \$42.

The store room of St. Mary's College was entered last night and clothes valued at \$250 taken. The report was made by George M. Carty of the college.

Mrs. Alice Fogue of Fifty-fifth and Market streets reported that burglars had forced her front door with a jimmy but had not taken anything.

Old Age.

Old age as it comes in the orderly process of nature is a beautiful and majestic thing. It stands for experience, knowledge, wisdom, counsel. That is old age as it should be. But old age as it often is means poor digestion, torpid bowels, a sluggish liver and a general feeling of ill health, despondency and misery. This is almost every instance is wholly unnecessary. One of Chamberlain's Tablets will prove the digestion, tone up the liver and regulate the bowels. That feeling of despondency will give way to one of hope and good cheer. For sale at Good Bros. Drug Store.

TALKING PICTURES TO MAKE HISTORY

Edison's Latest Triumph Will Be Shown at Orpheum on Sunday.

Some few weeks ago the press dispatches from New York told the astonishing news that Thomas A. Edison had at last perfected his latest invention, moving pictures that talk. The newspapers devoted columns to the news, and told of the rush of the theatrical powers to get the rights to the apparatus.

While people were still wondering at the announcement, and commenting upon the wonderful work of the "Wizard," Martin Beck, general manager of the great Orpheum circuit, had finished a desperate auto trip from New York to the Edison studio, down in New Jersey, and was negotiating for the western rights. Less than 12 hours intervened before Edison's first announcement and that second news item that the Orpheum had the sole right to exhibit the talking pictures in the west.

Thus it happens that the Oakland Orpheum will next Sunday make the first showing of these marvelous pictures in this city.

In all the history of theatrical enterprise with its surprising developments and its rapid moves, nothing like this triumph of Edison's genius has ever happened. It was the greatest move of the kind ever made in this country.

USES HIS INTUITION.

Martin Beck acted upon that wonderful intuition of his. The talking pictures had not been exhibited publicly, and he had yet to see the private exhibit when he signed a contract that meant the signing of a quarter of a million dollars.

Yet the Beck "hunch" was a good one. The showing made in private was three weeks later confirmed by the truly astonishing success made by the talking pictures at their first public showing in New York City. And within a week Chicago had endorsed the talking pictures as the motion picture triumph of the age. Oakland gets its chance next Sunday.

It is the plan of the Orpheum to run the talking pictures for some time with a weekly change of bill, and the advance sheets of the many subjects indicate that Edison plans to spring new astonishing features each week.

The first week of the talking pictures, called by Mr. Edison the Kinetophone, starts next Sunday at the matinee, and continues throughout the week at both shows until Saturday night.

ALL HEIRS SEEKING FOR MISSING TESTAMENT

The will of the late A. M. Martins appears to be a much desired instrument, according to a citation which the parents of the deceased had issued against the widow, Mrs. Anna C. Martins, and from the testimony of the widow herself, who yesterday convinced Judge F. B. Osgood that she is quite as anxious to find the document as any one else. Martins left an estate valued at about \$20,000.

The parents of Martins reside in the Azores. They had the widow brought into court on a citation and asked her to produce a box said to contain the will. Mrs. Martins succeeded in having this citation dismissed. If she can find the will she believes she will inherit more than her widow's half. A continuance of eight weeks has been ordered to allow more time for search for the lost will.

PLAN RECEPTION OF CONTRA COSTA BOOSTERS

Elaborate preparations are being made by Secretary A. A. Denison of the Chamber of Commerce for the entertainment of the Contra Costa boosters' excursion, which will visit Oakland April 5. This excursion of the business men of Contra Costa will travel over the state to boost for the bay region.

Their visit in Oakland will mark the completion of the celebration of the Oakland-Antioch Railway, and elaborate exercises will be held. Mayor Mott and several prominent men will be speakers and the Chamber of Commerce and Commercial Club is working on an extensive program.

NATIVE SONS TO HAVE FAIR AND CARNIVAL

NILES, March 7.—Preparations are under way for a big street fair and carnival to be held here from May 12 to May 18, under the auspices of the local parlor of Native Sons. The object being to assist in restoring the old Mission San Jose. George Donovan, William Moore, George Rose and several other prominent men will be speakers and the Chamber of Commerce and Commercial Club is working on an extensive program.

Commerce and other organizations, are behind the move. The Oakland Chamber of Commerce has been invited to assist in the matter, as have other Native Sons parades throughout the country.

Petitions Filed for Commissionership, Auditorship and School Directorship.

Between the hours of 4 and 5 o'clock last evening the majority of the candidates who had filed their declarations of candidacy for the coming primary election succeeded in filing their nomination petitions with the requisite number of signatures. There will be 20 candidates in the field for six offices, the city auditorship and three school directorships.

The candidates follow:
Harry S. Anderson, incumbent commissioner of public works, will have only one opponent—C. Alward Tobey, socialist.

George Gross, incumbent and a candidate for re-election as auditor, will be opposed by William F. Serb, socialist. The candidates for school directors will be Miss Anne F. Brown, incumbent, for No. 1; M. R. Bronner, incumbent, for No. 2, and F. B. Cook, incumbent, for No. 3.

Mrs. Brown will be opposed by Dr. James B. Wood, who served six years on the board of education under the old charter, R. D. Reeves, a real estate dealer, and Mrs. Emma Gilbert, socialist. Mr. Bronner will be opposed by Mrs. Haffriet E. Hawes, a clubwoman of East Oakland; Dr. Kirby Smith and W. F. Drury, socialist.

Mr. Cook will have opposition in Mrs. Agnes Ray, well known clubwoman and suffrage leader; C. D. Rogers, a member of a former board of education, and J. Wilson Person, socialist.

ALLEGED BICYCLE THEIF.
Walter Jesse, 17 years of age, was arrested at 577 Fourteenth street by Inspector Timothy Flynn on advice from the Stockton police. He was attempting to sell a bicycle to M. Darling, which, it is alleged, he stole in Stockton.

Buy a Victrola Today

Unless you have owned a Victrola, you can have no real conception of what such ownership means to a music-loving household. For the education of the young, the entertainment of guests and friends, it is beyond price.

Better facilities for supplying your needs are found at our stores than at any on the coast. Greater stocks are shown in both Machines and Records, and more courteous and prompt service awaits you. Our Record Department will surprise Victor owners in its completeness and convenience.

THE EASTERN BROKER-AGE COMPANY

To accommodate our many customers in the east bay cities, HAVE RE-OPENED OFFICES IN OAKLAND. To those who wish to borrow money on personal property, or other security, this means a great saving in the cost, also the privacy, courteous treatment and assistance when needed, which has given us the largest volume of business in the east bay. We make loans on furniture, pianos, etc., in easy, convenient loans to ladies and gentlemen, also will consider first-class salary loans at same rates as furniture loans. We do not make any misleading statements to lure to our office, but will loan you any amount, your security will justify, that you require, be the amount large or small, at as low interest as can be had at any bank, or any place on the coast. This is NOT A GET RICH QUICK CONCERN which makes any promise to get you in its clutches, but is a business which has been here in business since 1896.

We shall be pleased to see our old friends, and to the new ones who wish to take advantage of the SPECIAL INDUCEMENTS we are offering as an advertisement for a short time.

Piano Repairing

¶ We have the largest and best equipped Piano Repair Shop on the Pacific coast and make a specialty of overhauling and regulating actions, voicing Pianos to remove "tinniness," putting in new hammers, polishing and varnishing cases, etc.

Old Pianos Remodeled

¶ Perhaps you have an old upright or grand piano which is dear to you because of its associations. It so, it probably has a tone enriched by age, but the case is old fashioned and not in keeping with your home furnishings. We can thoroughly modernize the case and renovate the interior. If rosewood, we can bring out the beautiful grain of the wood, long hidden by age. Also—in many of these old Pianos, a Player action can be installed. Upon request our expert will call, advise you and estimate free of charge.

Pianos Stored

¶ We also make a specialty of Storing Pianos. Our Warehouse contains 37,000 square feet, is dry and airy, with a low insurance rate. We guarantee against moths, rust and dust—every Piano in storage given regular expert attention.

HIGH SCHOOL PUPILS TO GIVE ELABORATE BALL

MISS MARGARET MORRISON.

MISS LOUISE MILLS.

The members of the High Senior class of the Oakland High School will be hosts this evening at the annual senior ball which will be held in the gymnasium of the local high school.

About 250 invitations have been sent out for the affair, which will be one of the most brilliant of the high school assemblies. The decorating scheme is an entirely original one, planned by Miss Margaret Morrison, and will be a feature of the evening. Hundreds of butterflies of fantastic design and black and gold in color will be the unique unit of the decorating scheme. The class colors will be brought out by other means besides.

The Metropolitan Orchestra, which is to play during the evening, will be hidden in an artistic arbor of flowers and ferns. The dance programs are very dainty in design and will provide for eighteen straight dances. The committees in charge have worked very hard to make the dance a success and are as follows: Harold Ardelotte, general chairman, arrangement committee, Beth Bradley, chairman, Estelle Witter, Florence Morrison, Ed Skinner and Charles Roeth; decorations, Margaret More, chairman, Delta Webb, Estelle Walker, Leland Stearns, Charles Swann and John Mitchell; reception, Sadie Fredericks, chairman, Louise Mills, Ruth Oliver, Arturo Gonzales, Raynor Gimbal and Stewart Johnson.

The patronesses are Mrs. L. H. Bradley, Mrs. W. H. Morrison, Mrs. G. F. Witter, Mrs. Chas. Roeth, Miss A. G. Wright, Miss M. S. Skinner, Miss H. Earle, Miss Claire Soule and Miss Annie G. Fraser. Patron, Professor C. E. Keyes, J. R. Sutton, H. W. Edwards and S. E. Coleman.

TURKISH TOBACCO IS RAISED AT DINUBA

DINUBA, March 7.—Importance of the Turkish tobacco industry in this section is indicated by a shipment of four cartons of the weed, valued at \$30,000, consigned by H. M. Zachery to a San Francisco broker. Much of the leaf will be eventually shipped to New York. It is practically all adapted for cigarette manufacture.

In the Wahoke valley district the soil is said to be especially well adapted to tobacco. Zachery had several hundred acres last year in the valley, and expects to increase his crop this season.

About 2000 acres of Wahoke valley land will be planted this spring.

Wash your dishes with GOLD DUST

Ordinary dish-water only cleans the surface. Put a dash of Gold Dust into the water and it will go to the bottom of things, drive out every bit of dirt, every germ, every hidden particle. Gold Dust cleanses as well as cleans.

We promise you this if you use Gold Dust: Your dishes will be sweeter and cleaner than ever before and you will save at least half the time ordinarily consumed in washing them.

Gold Dust does better work than soap or any other dish-washing product—and saves half the time.

Do not use Soap, Washin, Borax, Soda, Ammonia or Kerosene with Gold Dust. It has all desirable cleaning qualities and is perfectly harmless and lasting form.

"Let the GOLD DUST TWINS do your work"

WASHINGTON, March 7.—Secretary of the Interior Franklin K. Lane will consider the Hetch-Hetchy permit among the first problems he takes up in his new position. The secretary said yesterday that the Hetch-Hetchy matter would be given as speedy consideration as possible.

City Attorney Long conferred with Secretary Lane and made an engagement for tomorrow to discuss the Hetch-Hetchy permit. It is believed Lane is favorably disposed toward granting the permit, because he initiated the Hetch-Hetchy matter while city attorney of San Francisco.

Attorney Long will stay here until he learns just what course Lane intends to take regarding the application for the Hetch-Hetchy permit. Engineer O'Shaughnessy has returned to San Francisco. Long will go to New York next Sunday on city bond matters, returning here the following Tuesday or Wednesday.

U. S. ARMY NOTES

WASHINGTON, March 7.—By direction of the President, Captain Edward T. Hartmann, Seventh Infantry, is detached for service in quartermaster's corps in this city.

By direction of the President, Captain Warren W. Whitelaw, Fifth Cavalry, is detailed for service in the quartermaster's corps, vice Captain Timothy M. Coughlan, quartermaster's corps, relieved and assigned to First Cavalry.

The President has accepted the resignation of Captain Arthur Cranston, Sixth Infantry.

First Lieutenant Guy E. Bucker, Fifth Infantry, is transferred to the Seventh Infantry.

The President has announced the retirement of Colonel Alexis R. Paxton, Infantry.

NAVAL BILL CAUSE OF LONG DEADLOCK

Grant of \$35,000,000 for the British Navy Prolongs Commons Session.

OTTAWA, Ont., March 7.—Not since 1896 has the dominion parliament experienced such a protracted deadlock as now exists over the clause in the government's navy bill which authorizes a grant of \$35,000,000 to the British government for building new battleships to be an integral part of the British navy.

The House of Commons has been in continuous session for over three days and the general belief is that the deadlock will continue until midnight on Saturday. The regulations of parliament make it impossible for the house to sit on Sunday.

The trouble began Tuesday morning when Premier Borden refused to accede to a motion by Sir Wilfred Laurier that the house adjourn.

"We must make some progress first," said Borden.

"Very well, then, let us make some progress," retorted Sir Wilfred, who thereupon moved that the clause providing for an appropriation of \$35,000,000 "for the purpose of immediately increasing the effective naval forces of the empire," be amended and a clause substituted providing funds "for the speedy organization of a Canadian naval service in co-operation with and in close relation to the imperial navy."

On this amendment the members of the house have been talking without cessation for over three days and everybody believes that each side is endowed with sufficient strength and determination to keep up the fight until Sunday comes to their relief.

HEIRESS WEARS DAZZLING GOWN

Clara Baldwin Stoker's Costume Surprises Opera-Goers.

LOS ANGELES, March 7.—Dazzling with a brilliancy more radiant than a full-flashed searchlight, California's diamond queen, Mrs. Clara Baldwin Stoker, \$12,000,000 heiress of the late "Lucky" Baldwin, is the sensation among the beautifully crowned women who are attending the grand opera.

Gowned in a gorgeous decollet dress decorated with gems valued at \$503,400, and made of flashing net over golden satin, slit up one side to reveal diamond-studded stockings and diamond-tipped pumps, together with her sparkling diamond crown, Mrs. Stoker appears a queen who has stepped from a fairy book, waving a magic wand which turns everything to diamonds.

YORKTOWN AND JUPITER TO SAIL ON APRIL 1

VALLEJO, Cal., March 7.—Orders were received at Mare Island navy yard yesterday to assemble the crews of the gunboat Yorktown and the collier Jupiter, both of which are to be placed in commission on April 1. One hundred and ninety-one men will be assigned to the Yorktown, under Commander George B. Bradshaw, who is now at Puget Sound. The Jupiter will carry 150 men, under command of Commander Andre M. Jector. A draft of 30 men is being assembled here for sailing on March 15 for duty in the Philippines.

Carefully Investigate Player Pianos

¶ Go about the selection of your Player-Piano with the same care and thoroughness that would guide you were the purchase price ten times greater. Let your investigations cover these most essential points:

FIRST—Know the Piano in which the player is installed. Search the reputation of its maker, and carefully test its tone, action and workmanship.

SECOND—Investigate the player action and know that it is not one of the freak products with which the market is flooded. Test it for volume, for delicacy; try it yourself and note whether it pedals easy. Then try the expression devices and see what YOU can accomplish in real musical expression.

THIRD—Know the house from which you buy. Be certain that their business methods are beyond reproach, that they represent manufacturers only of unquestioned reputation, and that their Player-Pianos are priced at their real worth—the same, identical figures that you would pay on the maker's floors in New York, Boston or Chicago.

¶ Our house shows ten distinct lines of Player-Pianos, selling at from \$485 to \$1700. At the lowest price may be purchased the best possible for the money invested. At \$500, \$550 and \$600 we show Player-Pianos that are easy winners over those offered at \$800 and \$850 in many stores. The line embraces the famous KNABE, EMERSON and ANGELUS Pianos; the HARDMAN, PACKARD, LUDWIG and CONOVER; the KINGSBURY, MILTON, AUTOTONE and others.

¶ Here the opportunity for comparison is better than is offered elsewhere on the coast, and each prospective buyer has the satisfaction of knowing that his every interest is fully protected. Easy payments may be had, and your old piano exchanged at full value.

WOODLAND POSTOFFICE MAY GO TO LEAKE

WOODLAND, March 7.—Since the announcement that the reappointment of J. H. Dungan as postmaster was not confirmed there has been considerable speculation as to who will be his successor. It was learned authoritatively here yesterday that Ed I. Leake, son of E. B. Leake, editor of the Woodland Democrat, will likely be given the position. Leake has received the endorsement of the Democratic central committee and of the county officials.

CUBANS PROTEST. HAVANA, March 7.—The agitation for the annexation to the United States of the island of Pinar, in favor of which it is reported there is in operation a petition to Washington bearing 5000 names, is condemned by the Cuban press generally.

DOCTOR OF PHILOSOPHY AT AGE OF EIGHTEEN

CAMBRIDGE, Mass., March 7.—The youngest man to ever secure a degree of doctor of philosophy at Harvard is Norbert Weiner, who has just completed his course in the graduate school. He is 18 years old and will receive his degree officially next June. Weiner is the son of a Harvard professor. He entered Tufts College at 11, graduating three years later. He then spent one year at Cornell and later came to the Harvard graduate school. The young man has specialized in philosophy and mathematics and will engage in teaching.
